VAGRANCY IN YORKSHIRE

The vagrancy returns for the East and West

Ridings of Yorkshire for the years (ending at

Michaelmas) 1906 to 1910 as prepared by

Mr P. H. Bagwell, Inspector, are just published.

Those for the year 1910 show a large de-

crease of 31,992 the total number of ad-

missions being 155,036 as compared with

187,028 in 1909. The decrease alluded to is

mainly in the West Riding; the number in

the East Riding has only decreased by 1,490.

The above figures give the total admissions to

all the Workhouses in Mr Bagwell's dis-

trict, and therefore they may be taken to re-

present the same vagrancy counted over and

over again as they travel from Workhouse to

Workhouse. Whilst, however, these admis-

sions represent accurately the financial cost

to the district at large, they do not give an

accurate idea of the actual number of vagrants

on the road, as far as they can be computed

by this return. The figures of admission are

supplemented by figures showing the number

of vagrants that were actually occupying the

Workhouse wards on four different nights of

the year 1910. On the night of the 1st of

January there were 22 men, 32 women and

1 child, or a total of 60, occupying the

wards in all the Workhouses of the whole dis-

trict. The count upon the 1st of April was

719 men, 50 women, 3 children, total 774.

On the 1st of July there were 525 men, 38

women, 4 children, total 567; and on the 1st

of October there were 640 men, 48 women, 12

children, total 700. If Guardians would

regularly carry out the provisions of the

Local Government Board with regard to the de-

tection and control of labour, the number of

vagrants would be diminished.

In the Hunslet Union there is shown a

decrease of 610 (5 years). Bulbeck a decrease

of 3,829. Leeds an increase of 1,773, and

Bradley an increase of 982.

ROTHWELL PRIMITIVE P.S.A.

Mr Eli Ward presided over a capital atten-

dance at the above service on Sunday afternoon

last, when Mr W. Linley, of Hunslet, gave an

excellent address on "Whatever you do, do it

heartily." Miss Louise, of Leeds, sang very

tastefully "The Gentle Shepherd" and "The

Road of Light." Mr. A. Adamson accom-

panying.

LEEDS TRAMWAYS.

The Leeds Tramway's Committee are con-

templating an important series of improve-

ments with the object of lessening the con-

fusion in the vicinity of the Corn Ex-

change.

It is proposed to entirely remove the loop

or circle in front of the main entrance to the

Corn Exchange, and place it between New

Market Street and Call Lane, a little to the

east of its present position. The underground

loop is also to be removed from its present

position, at the head of Call Lane to a site

either in the centre of the new loop, or to

some convenient spot in the immediate vic-

inity.

The alterations also provide for the con-

tinuation of the loop through New Market

Street, via Kirkgate. In front of the market,

into Call Lane, and the doubling of the line

in Call Lane, so as to permit of the cars to

and from York Street and Marsh Lane pass-

ing directly through Duncan Street on their

emergency third row of rails from the line

up New Market Street.

It is also proposed to utilise the increased

width of New Market Street by laying down

on Friday, via Kirkgate, and the junction of

New Market Street and New Market

Street to a point in Vicar Lane. This third

row of rails will be used merely as a loading

emergency point for football and holiday

traffic.

By the adoption of these proposals passen-

[illegible]

The evening last, Mr. J. H. Bawling presided at the annual meeting of the W. E. Ellis Ward, J. Briggs, J. Fox (treasurer) and W. G. Farnham and J. Goddard (clerk).

The principal business was an appeal by the Rev. White Rose for the match against Bell Parish Church which should have taken on or before the day appointed. The committee had been informed they had teams on (re-play) with Woodhouse Chase in the West Riding Junior Cup and a ten up with Scholey Hill United). Mr. R. Harrison appeared on behalf of the Church club and Mr. Arthur Will for White Rose.

The executive upheld the appeal and awarded the match to White Rose on precedent in previous years, when the Committee awarded it to Normanton, for the White Rose being to fulfill an engagement on the date fixed.

WHIST DRIVE AT OULTON.

A whist drive and dance sponsored by the Band was held in the Golden Institute on Wednesday evening last. Over 120 people were present and the following were the winners - Ladies' first prize, Miss M. A. Smith; 2nd, Mrs. Gummett; Gentlemen's 1st, Mr. Alfred, Swillington; 2nd, H. Forrest. Mr. P. Walker, bandmaster, represented the prizes, and the standards were presented by Mr. J. C. Sharpe. Refreshments were served during the evening under the direction of Miss Bell.

BOTHWELL PRIMITIVE P.S.A.

There was a capital attendance at the above A. meeting on Sunday afternoon last, and

bar Willie Dunn, of Bonhewell, gave an
ness. The soloist was Madame MacDonald
needs, who contributed in excellent style
e Better Land" and "The Gentle

herd." Madame MacDonald has been a favourite in this district and is a lady of commendation as her singing is so delightful. Mr A. Adams accompanied and Mr John Wright presided.

BARLTON TEMPERANCE HALL.

A meeting was held in the above Hall on Friday evening last, when an interesting session was held. The Rev. Mr. James Buchanan, of the Glasgow District, was the speaker. The Rev. Mr. Buchanan was accompanied by Messrs. Wm. Lunn, of Bethwell, Mr. Goodall, of Bothwell, and Mr. Goodall, of Bothwell, presided.

ROBIN HOOD P.S.A.

A meeting was held in the above hall on Sunday last there

an excellent audience, presided over by W. J. Boulton, and Mr. F. H. Judges, of the local press, who were present. A very good, rolling address on "How God has been" Mr. J. B. Hall, of Leeds, was given. The subject of the address was "The Holy Spirit in the Church." Kindly "being sung with great joy, to the accompaniment of Mr. S. Hartley.

STOURTON PRIMITIVE P.S.A.

T. Cole gave an interesting address at home service on Sunday afternoon last, the subject being "The Church of the Future." The attendance. Mr. Smith officiated at the end of the service.

T AND WEST YORKSHIRE UNION RAILWAYS.

The official traffic return for the above railway for the week ending Jan. 21st, 1911, is as follows:—

Year.	Passenger.	Goods.	Freight.
1910.	2468.	2468.	2468.
1911.	2468.	2468.	2468.

As against 2468 for the corresponding week last year, a decrease of 214. For the whole of the calendar year 1910, the return is 2468, as against the corresponding week last year was 21413 thus showing a decrease of 214.

Robin Hood United Methodist
CHURCH.
Friday, February 3, 1911.

The young ladies connected with the above
place of worship, held a tea and concert in the
above school-room on Monday last. There
was a nice company at the tea which was in
charge of Mrs. Grove, Mrs. E. Miller, Mrs.
Chickson, Miss Betty, Miss M. Milner, Mrs.
Annie Ward, Mrs. M. A. Charlesworth, Miss
S. Newton and Miss Robinson. In the evening,
there was a large gathering at the
entertainment which was presided over by Mr.
John Abishaw, who gave a donation of 5s.
The children's operetta entitled "Cinderella,"
which was so admirably given in November
last, was repeated, and the performance was
very much appreciated. The articles doing
exceptionally well. Previous to the play a
chorus entitled "Little Bo Peep" was given
by the following children who sang the piece
very sweetly:—Margie Carson, Mary Holroyd,
Annie Goulthorpe, Leon Dobson, Edith Sykes,
Miriam Gemmell, Elizabeth Cooper and Florrie
Walker. The following were the principals
in the operetta:—Baron, Mr. Joseph Walshaw;
Baroness, Miss Evelyn Grimshaw; Stevie,
Dolabella and Marietta, Miss Louise Lunn;
and Lily Squire; Cinderella, Miss Mildred
Batty; Prince, Edmund Kirkby; Herald,
Albert Greaves; Fairy, Miss Evelyn Dobson;
Mr. Walshaw, D. Sykes, W. Dobson, E.
Blackburn, J. Gemmell, A. Goulthorpe, E.
Abishaw, and L. Carson; pages, Ernest
Walshaw, Edwin Ashton; coachman, George
Hemingway, Gladson Simpson; Trumpeter,
Bernard Kirkby; Joe Holroyd; Jester, Harold
Walshaw. The principals were attired in
appropriate costumes, and presented a very
picturesque appearance.

Mr. George Lunn proved an efficient accom-
panist, whilst the ladies who were responsible
for the entertainment were Miss A. Frohman,
Miss M. A. Charlesworth, Miss O. Howard,
Miss M. Abishaw, and Miss E. Harley. At
the close of the Mr. Walter Bramley thanked
the ladies for their services. Those who had
helped in the tea, for their services. The
effort which was on behalf of the young
ladies staff at the forthcoming bazaar realised
about 25 lbs.

ANTHONY WESLEYAN P.S.A.
There was an excellent attendance at the
above P.S.A. gathering on Sunday afternoon
last, when Mr. Broadfield, of Ardsley, deliv-
ered an interesting address on "Do Harlequin
and blamless." Miss Hilda Saunders, of
Ardsley, rendered in capital style "O Rest
in the Lord," a duet. "What a Wonderful
World" was also effectively given by
Miss Saunders and Mr. Broadfield. Mr. H.
Nash accompanied and Mr. T. Wilcock pre-
sided.

ROTHWELL MECHANICS' INSTITUTE
ANOTHER BAZAAR TO BE HELD
IN 1912.

The annual meeting of members of the
above was held on Monday night last, Mr. J.
Hinde presiding. There was a moderate
attendance.

The report on the past year's work says:—
A review of the Committee's work during
the past twelve months affords satisfactory
evidence of a distinctly improved financial
position. This is altogether due to the very
successful bazaar held in November last, the
efforts of the workers in connection with
the same, and the receipt of a large sum of
money also tendered to the small Com-
mittee who, during the first part of the year
and also quite recently, promoted bazaar
of the late-mentioned funds. Similar acknowl-
edgment is also due to Mr. Brew and Mr. Knowles
for their gratuitous aid in connection with
the exhibition bazaar, and to the ladies of the
Institute Committee.

During the twelve months both billiard
tables have been thoroughly repaired, and the
large hall and some of the other rooms have
been fitted up with the most modern lights,
which are calculated very materially to reduce
the gas bills. The bazaar workers, who were
valued for the bazaar proceeds, have been
brought in, and the ladies of the Institute,
which will be in future be a source of profit to
the Institute.

The total income for the year, including
the balance from the last year, amounts to
£334 9 7d. The income from ordinary
sources is about the same as last year, £196
11s 1d. Billiard receipts show an increase of
£10 8d and there is a gratifying increase
in ordinary members' subscriptions of £2 10s
6d, but there are still many members who are
in arrears. Lettings show a decrease of £11
5d, the preparations for the bazaar probably
accounting for this. The bazaar balance
£147 18s 6d has enabled us to clear off the
adverse balance and arrears of tradesmen's
accounts, and to pay the loans of £20 billiard
table shares and £25 member hall shares.
Thirteen monthly repayments, amounting to
£52, have been made to the Building Society,
which was reduced to £100 on the building
by £21 18s 6d. Thanks are due to Mr. S.
Armistead, who early in the year accepted £4
for his billiard table share, and to Messrs
T. P. Wainley and F. Armistead for proceeds
of £10 8d and there is a gratifying increase
in ordinary members' subscriptions of £2 10s
6d, but there are still many members who are

Medical Inspection of

SCHOOL CHILDREN.

LECTURE AT ROTHWELL.

A lecture on the above subject was delivered

on Wednesday night before a large

audience in the Carlton Lane School by Dr.

Brewer, an official under the West Riding

Education Committee.

Mr. Hirst (the chairman) in opening the

meeting expressed his pleasure at there being

such a large gathering. This was the first

lecture of its kind given in the West Riding

on the medical inspection of school children.

Rothwell was leading the way. Dr. Brewer

was well known to some of them, but those

who were not acquainted with him would be

aware that he was the medical officer ap-

pointed to inspect school children. When

the idea first originated of children being

medically examined, it was very much

opposed by the general public, but he was

pleased to say it was an accomplished fact.

The Government said that children should

attend school healthy and that the parents

and when they found children suffering from

defects which retarded the progress of their

education, it was their duty to remedy them

as soon as possible. It was a very much

pleased to say it was an accomplished fact.

LECTURE AT ROTHWELL.

A lecture on the above subject was delivered

on Wednesday night before a large

audience in the Carlton Lane School by Dr.

Brewer, an official under the West Riding

Education Committee.

Mr. Hirst (the chairman) in opening the

meeting expressed his pleasure at there being

such a large gathering. This was the first

lecture of its kind given in the West Riding

on the medical inspection of school children.

Rothwell was leading the way. Dr. Brewer

was well known to some of them, but those

who were not acquainted with him would be

aware that he was the medical officer ap-

pointed to inspect school children. When

the idea first originated of children being

medically examined, it was very much

opposed by the general public, but he was

pleased to say it was an accomplished fact.

Spain. "What strand of cigars do you smoke?" Soto: "Oh, any kind anybody gets." English Walter: "Which side of the table do you sit?" American George: "I prefer to sit on a chair." Person: "But you are contented with the life here?" George: "Yes I am. 'Tis the life I haven't got to work!" Sunday-School Teacher: "And you have brothers or sisters?" Little Edna: "No, ma'am." Person: "Is the editor in?" Office-Boss: "Yes." But I thought I saw him as I came in." "Who's refereeing you first?" inquires referee of a spectator, "you or 11?" "Neither," answers the spectator, with a grin. Walter: "What's the matter, you're cured, is it?" "Bring me some beef. The last I had I ordered here some what only convalescent." Heaves in the rod to brighten the time teacher. He Well, not that the natural way to make the most of it." She: "Why do you get so angry when I extra love to you?" He: "Because I know you're coming. Come, bring out those founded hills!"

[illegible]

Fore: "What be you fishin' for, mister?"
Fisherman: "Oh—er—just for recreation."
Rustie: "Well, you won't catch any. There's only minnows and eels there."
Master: "How dare you whistle like that in the office, Smith?" Clerk: "Well, sir, I thought you'd like to know I was bearing up cheerfully in spite of my miserable salary."

"I say, Mrs. Blank had grey hair last year, — how is it black?" "Oh, yes; but you forget she has lost her husband since then."

"Arry: "I say, Bill, why do them noospaper blokes call fire the devowrin' helement?" B: "Blowed if I know, 'Arry, unless it's 'cos cooncats heverythink it comes near."

"Do I have to exchange wedding presents with the department, they were purchased in?" "Not at all!" "Thank you! I want to

"You had better ask for manners than money," said an over-dressed young man to the beggar who asked for alms. "I asked for what I thought you had most of," was the cutting reply. "I am so unfortunate," the old man said.

"Your husband is labouring under a misapprehension, madam," said the canvasser calling for a vote. "There again you are wrong," she replied. "He has never done a stroke of work in his life."

performed last evening?" Miss Westend: "Oh, tremendously! Mr. Blathersby is the most delightful talker I ever attended a musical performance with."

Village Constable (to villager, who has been knocked down by passing motor-cyclist): "You didn't see the number, but could you swear to the man?" Villager: "I did; but I don't think I heard me."

Mrs. Robinsons: "And miss."

"Mrs. De Jones (just returned from a continental trip): 'I should think so; right on the very top. What a splendid view there over the summit!'"

As a pleasant-faced woman passed the corner, Harris touched his hat to her and remarked to his companion: "Ah, my boy, I owe a great deal to that woman." "Your mother?" was the reply. "No; my landlady."

Candidate: "You have not come back."

“You have not any doubts as to my character, have you?” Voter: “Oh, no, I have no doubts as to your character.” Candidate: “Then, why don’t you vote for me?” Voter: “Because I have no doubts as to your character.”

“But have you had any previous experience with the law?” asked the up-to-date solicitor of the applicant for a clerkship. “Oh, yes, sir,” was the confident response. “I got six months for absenteeism less than a year ago.”

"I don't believe in this medicine," mumbled the oldest inhabitant. "If I take it I know I shall be wuss, and if I don't take it my old woman will nag at me till she makes me wuss. So, as I've got to be wuss any way, I suppose I'll take it."

The other day a gentleman called to sympathize with the widow of a valued friend, and remarked: "Is there something of your husband's I could have as a memento of him?" The tearful widow sobbingly replied: "Oh, ask me!"

That was a neat compliment paid by a French ambassador in London to a Peeress who had been talking to him for an hour. The lady said: "You must think I could not tell you that."

John: "You must think I am very fond of the sound of my own voice." The Frenchman replied: "I saw you liked music."
Master (to coachman): "John, just go down to the well and draw some water for Bridget."
John: "I was engaged to drive the horses, and I have to draw water, sir." Master: "Oh, well, just get the horses and carriage and take Bridget to the well, then."
Young Wife: "Oh, Edward, you do believe that I am a clever woman."

"I suppose you can hear my daughter's Ellen shouting across the road nowadays?" said Finnerty to his neighbour. "She do be takin' singin' lessons, ye know." "Then judgin' by the screams I hear," said Feeney, "she's bein' taught to sing like a pig."

Brown: "Oh, I say, old chappie, when are you going to return that 'fiver' I lent you last week?" Smith: "Why, of course, I do owe you a fiver." (Feels in his pocket, pulls out a small bottle of ink, and hands it to Brown.) "Here you are, old pal, that'll make us write." Friend: "How delighted you must be that your husband recovered so wonderfully, dear!" Young Matron: "Yes—yes, of course; but—"

Friend: "What, dear?" Young
 tron: "You can't think what wonderful bars
 they're got in crape at Snippet and Two-
 re's."
 Guide: "This is the famous place of the
 forty-four echoes, and last year a gentleman
 heard them suddenly went mad." Tourist:
 "How did that happen?" Guide: "His
 low-in-law called out to him, and when he
 and twenty-four mothers-in-law at the same
 it was too much for him!"

Chesp Jack: "You must not be surprised, ladies and gentlemen, that my medicine is not recommended by the medical profession, for if the whole world took it the doctors would have work to do." Opposition Chesp Jack at corner: "I guess not; but the unders would be working overtime."

HUNSLLET BOARD OF GUARDIANS.

ELECTION OF CHAIRMEN.

A fortnightly meeting of the above Board

was held on Wednesday afternoon, at the

offices, Hunslet, there being in attendance

Mr. Killebrack, Messrs. Green, Coopers,

Schofield, Park, Butterick, Appleyard, Stead,

Bennett, Fountain, Barratt, Bannister, Hallow,

Armistead, Cartwright, Thomas, Marsden,

Ellison, and Armistead, with the clerk (Mr. Mee).

and assistant clerk (Mr. Wright).

The first business was the election of Chair-

men and Committees.

Mr. Park proposed that the Vice-Chairman

for the past year, Mr. Coopers, be elected to

the position, Mr. Green seconded, and

Mr. Thomas, Mr. Barratt, Mr. Hallow, and the

retiring chairman Mr. Schofield, each spoke

in favour of Mr. Coopers.

The resolution was carried, Mr. Coopers

expressed his thanks for the confidence placed

in him, and said he would endeavour to

discharge his obligations satisfactorily. When

he came on the Board it was with the desire

to act on an old friend's advice to "be kind

to the poor." This he had tried to do, and

it was thought a year ago that Boards of

Guardians were called upon to be a great

deal, but they appeared rather to be develop-

ing their power and proving their necessity as

a local governing body. There appeared a

forward in particular seemed fired not long before the match. Curiously, he was not to blame for any of the goals, but he was a catalyst for a good goal display, while the same was said of Hobson, who brought off two or three grand saves. Lunn and Bridges accomplished their task creditably, but Lunn's mistake spoiled what he had been a faultless exhibitionist. Kolo was not in the team, but I saw him with Johnson, and it was very appropriate that the player of the calibre of Rothwell's centre half should be captain and lead his team to success. The way in which he manifested very strongly that he was superior in the Leeds and District League, in the position he occupies. To my knowledge Johnson has played eight seasons with Rothwell and he is no worse than

[illegible]

In conclusion allow me to congratulate the Rothwell captain and players on their success. I trust that the losers will come up smiling to-morrow with a determination to do their best to make the Leeds and District Final as interesting as the Charity. Rothwell will no doubt be favourites but nothing is certain in sport and I look forward to another good encounter, and at the same time hope for the success of the best team.

In introducing Mr. E. Boothroyd, of Oulton, to present the cup and gold medals to the winners and silver medals to the runners up, Mr. H. Butterick said Mr. Boothroyd was a gentleman who took great interest in Association Football. In his opinion the trophy had been deservedly won by the best team. (Applauded.)

Mr. Boothroyd said he felt it a high compliment to be asked to present the cup to the winners. He did not know the reason why the Bothwell Charity Committee had invited him to perform such a pleasurable ceremony unless it was that he had long associations with the game. He had at the present time a

up in his possession which was won exactly 30 years ago by a team playing on the same ground. Speaking to the losers he said they lived to fight again. Defeat might be a ton or an ounce; it was what they made it. Mr. Boothroyd said he had seen the Rothwell captain play several times and he was glad to know he was one of his pupils. It was the first time Boothwell had lifted the cup and they had the warmest congratulations. (Applause).

The successful eleven drove off in a wagonette and arrived at Rothwell about 7 o'clock.

When they were given an enthusiastic welcome. The Rothwell Old Band headed the procession round the village and played lively strains, after which the party adjourned to the club house where the rest of the evening was spent in an enjoyable manner the team being congratulated on all sides.

STOURTON PRIMITIVE P.S.A.

The Rev E. Barratt gave an interesting address on "A Jude's tragedy" at the above meeting on Sunday last. There was a nice attendance. Mr Smith presided at the organ.

STOURTON WESLEYAN P.S.A.

The Wilson Street U.M.C. Choir gave a capital rendering of the sacred cantata "The King of Glory" at the meeting of the above on Sunday last. Mr Varley conducted and Mr Nichols was the organist. Mr O. Sizer was the chairman and there was a large attendance.

EMERSON EULOGISES GREECE.

Emerson, in his "History of Modern Greece" concludes with these beautiful words "A struggle, equal in duration to the war which Homer sung, and individual value

perhaps inferior has at last drawn to a glorious close; and Greece, though her future destiny be as yet obscure, has emerged from trial regenerate and free. Like the star of Mezeriope, all sad and lustreless, her darkness at length disappeared, and her European sisters haste to greet the returning brightness of the beautiful and long-lost Pleiad."

Unfortunately for some fifty years following the publication of these lines in 1830, the commercial history of Greece was not of the brightest. Nor is it yet what lovers of the noble race would wish it. When we consider that the chief exports of Greece consist of currants, it is easy to understand that the home of the prodigious country is not large:

me 60,000 farmers and their families live
the cultivation of Currants. Their wants
few, and they are industrious and thrifty.
us are they enabled to live on the small
turn provided by the Currant harvest. In
prosperous England there should be feelings
gratitude towards a country which supplies
with most important and valuable articles

with a most important and valuable article of food at a low price. Greek currants feed, sustain and bring health to the people of these isles and enable a vast array of Grecian farmers to exist frugally. Thus are they able to support of nations.

inspectors (Messrs Whitehead and P. O.

Higgins) and medical officer (Dr. Buck).

The first business was the election of

chairman.

Mr. Marden said he had great pleasure

in submitting the name of Mr. Thomas for

another year, as he considered the position

should be filled by a person who had experience.

Mr. Verly seconded.

Mr. Armistead, in supporting, said Mr.

Thomas had made a very good chairman and

the resolution was carried unanimously.

Mr. Thomas had done his best for the district.

The Council agreed to the recommendation.

The Chairman was appointed to represent

the Council at the annual meeting of the

Rural District Council's Association in Lon-

don on 5th and 6th.

The Clerk said he had received a letter

from Mr. Walter Smith, of Back Side, Oulton,

asking the Council to attend to the nuisance

caused by the small from the back, which,

according to the Doctor, had been the cause

of the illness of his family.

Mr. Whitehead said it was the first in-

stance he had had of any complaint since the

question was first raised. He had repeatedly

inspected the back and had found no nu-

isance.

The Clerk suggested that a copy of the

complaint be sent to the Oulton Works.

Mr. G. Armistead: I think you had better

send it to the Rothwell Council.

The Clerk thought the Company and the

Rothwell Council should make terms for get-

ting the effluent dealt with.

The Chairman: They are negotiating, are

they not, Mr. Armistead?

Mr. G. Armistead: Don't ask me, Mr.

Chairman. I believe it is a matter of

fact that the Oulton Works had satisfied the

West Riding Board and the Leeds City

sanitary, that the effluent was in a proper

condition to be put into the sewers. Some-

one had intimated to the Rothwell Council

that if this effluent went into the sewer it

would be injurious to the health of the

people. Whether they are going to admit it

or not I am in the dark.

On the question being raised as to leaving

the matter in the hands of their representa-

tives on the Lemoor Joint Sewage Works,

the Clerk said he had not been notified for

a long time of any meetings of the Joint Com-

mittee.

The Clerk was instructed to write Mr.

Dodgson asking him to either notify the mem-

bers of each meeting or let Mr. Plader know

so that he could notify the Hunslet repre-

sentatives.

The Medical Officer reported that during

the last four weeks there had been 12 births

(8 in Oulton and Woodliff, 3 in Temple-

newham and 1 in Middleton) and 7 deaths (4

in Oulton and Woodliff, 2 in Templenew-

ham and 1 in Middleton). There had been no

case of infectious disease noted during the

same period. Ten houses had been inspected

under the Town Planning Act.

The Clerk said he had received a letter

from the Oulton and Woodliff Parish

Council in reference to a building of a new

road from Alreale Road to the Highfield Lane.

Mr. Geo. Armistead said he did not think

the scheme of the Parish Council was feasible.

He had met Mr. Cartwright and Mr. B. W.

Higgins on the spot and they thought that

by making an arch footpath they would

meet all demands.

The Surveyor was instructed to meet the

Parish Council and ascertain what they

required and submit suggestions to the next

meeting.

CRICKET NOTES.

(BY SPICERATOR)

The first Saturday in May is always con-

sidered the beginning of the cricket season,

and although 8 months out of the twelve is al-

located to the great winter pastimes—football—some-

times even extend to the period. For some

years past the climatic conditions at the com-

menecement of the cricket season has been

anything but favourable, for we have been

accustomed to cold weather, and instead

of being in the open one would have been

more comfortable at the fire-side. It is not

always well to grumble and therefore when

changes of an agreeable character take place

one should appreciate them.

Last Saturday was a day long to be remem-

bered, for the weather was everything that

could be desired, and cricketers all over

the county took advantage of these condi-

tions and brought out their flannels being

the spectators the first day. It was the

middle of June. If Saturday was a sample

of what we are going to have this season then

the Clerk of the Weather is in for a jolly

good time. I sincerely trust that every

cricketer will be able to enjoy the season.

There is not a game which claims to be

more thorough good sportsman than cricket

and I hope all our players will play with a

real spirit and give the rising generation that

there are many benefits to be obtained from

an afternoon's enjoyment of this character.

There is every probability of an interesting

season for many local clubs. The arrange-

ments with each other and no doubt some of

these encounters will be exceptionally interest-

ing and perhaps exciting.

On Saturday, Rothwell with a weak team

commenced rather badly against Robin Hood

on the Sharp Lane enclosure. Smith, who is

a very efficient captain was in the first

Robin Hood batting first completed 77. With

the exception of P. Wormald and E. Giles

none of the batsmen settled down to play the

batting with any success. The bowling

finishes was by far the best, his contribution

of 27 being obtained by good sound batting.

He went in at the fall of the second wicket

and was unbeaten at the close of the innings.

Giles, who also showed good form played

freely for his 19. Only one member of the

Rothwell side obtained double figures, namely

Verly who scored half the total runs mak-

ing 22 by entertaining play. Bedford who

ROTHWELL EDUCATION
COMMITTEE.

A monthly meeting of the above Committee
was held at the Council Schools, Stourton, on
Friday evening last. The members present
were—Messrs J. Butterick (chairman) provid-
ing, J. Dobson, J. Hirst, S. R. Chadwick,
W. Lunn, Joseph Hornor, B. Walton, J. W.
Vollman with the clerk (Mr. Angus) and attend-
ance officer (Mr. Steel).

Mr. John Dobson asked if the watch for
exceptional attendance had yet been presented
to Sidney Garfit, of Commercial Street, Roth-
well.

The Chairman said the watch had not been
presented as the Clerk had failed to make
arrangements with the National School man-
agers. He (the Chairman) had been accosted in
the street by the boy's father (Mr. Chad-
wick: Quite right) who wanted to know
when the boy was to have the watch. Two
months were the long time taken to get the
watch made with the school managers
before now for the presentation. He suggested
it be presented in the Council School on
Monday next.

The Clerk said he went to see both the
Vicar and Mr. Elton, but they were away
from home at the time and he had not there-
fore seen them.

Mr. Chadwick said he thought they had
spent plenty of time over it. He proposed
that the watch be presented on Tuesday next
at 6 o'clock.

Mr. Hirst said he understood the Clerk had
to write the Managers asking that the presen-
tation be made for the Friday. He quite
agreed that the watch ought to have been
presented months ago: had there been any
misunderstanding either on their part or the
"Church managers'."

The resolution was carried.

Mr. White, head master at Thorpe, was
given permission for use of the school on
Coronation evening for the purpose of giving
a dance and presentation to Dr. Ewing,
who had been a teacher at the ambulance
club.

Permission was also given for the use of
the schools for Coronation meetings or festivities
with a request that the caretakers be remuner-
ated by the various committees.

It was decided to support an application
for an increase of salary by Mr. Martin, head-
master at the Rothwell Council Schools whose
last grant was in 1907 when his salary was
increased to £105.

Mr. A. Houseley, caretaker at the Carlton
School applied for an increase of salary, his
present remuneration being £242 18s per
annum.

The request was acceded to.

The Clerk referring to the transfer of
scholars from Rothwell Church to Rothwell
School, said that for the month of April
there were 397 on the roll and 374 in average
attendance. The transfer was made in the
middle of the month. The grant won by
the school was £105. In the infant
department the accommodation was 158, the
total on the roll 128 and an average attendance
of 109.

Mr. Dobson: Did they send the Homes
children to the Carlton Lane School.

Mr. Lunn: Yes. They have not sent any
other children yet.

The Chairman: It is at their discretion
which children they send. The Guardians
have accepted the arrangement and the Homes
Committee have decided that their children
should be sent to their education at the Carlton
Lane School.

Mr. Lunn said recently the overcrowding at
Stourton school had been seriously criticised
and it was suggested that the children of
the district should be sent to the Carlton
Lane School.

CRICKET NOTES.
(By Spectator)

It was a dull and cold day for cricket on
Saturday last, but nevertheless lots kept off,
and many matches were played to a finish.
The Rothwell first eleven suffered another
defeat, Newmillerdam on their own ground
winning by 4 wickets. The visitors, who
batted first, only compiled 74 after an excel-
lent start had been made by F. Dobson and S.
Wormald, the pair scoring 32 for the first
wicket. Wormald was not disposed of until
he had made 34, his innings being a very
enterprising one. Dobson was credited with
10, and W. Fox contributed 13. The last
even batsmen neither failed and only man-
aged to score 2 runs. Rothwell's total
only realising 74. Newmillerdam did
not make a promising start against the attack
of Dobson and Banks, for when 3 wickets had
fallen they only scored 6 runs. Taylor
and Bromfield scored the rest and shared in
a partnership of 33, the former making 21.
Butcher helped Bromfield to carry the score to
19 before the latter was bowled by Morgan.
Butcher made 15 and the home team won by
4 wickets.

The second eleven played at Rothwell and
the visitors proved victorious by 4. Going
in first Newmillerdam put up the splendid
total of 114, Bowley 34, Warwick 15, Brook
14, and Hirst 12. Rothwell's run-getters
O. Tiffany and H. Taylor opened Rothwell's
battling account, and 23 runs were scored
before they were separated. At the same
total the batting 11 and 2 respectively.
The addition of 2, other 2 wickets were captured,
5 being dismissed for 25. Dobson and Grant
made a stand, both were sent to the parson
before the batting 11 and 2 respectively.
52 the eighth, ninth, and tenth wickets fell,
Newmillerdam winning quite easily. Both
the Rothwell teams are doing badly; cannot
improve what is brought about.

The Robin Hood first eleven entertained
Leeds Corporation Gas Meter and Stove
Departments and gave a much improved
exhibition. They were called upon to field
first and so well did the gentlemen Blais

to dismiss the batting 11 and 2 respectively.

ROTHWELL DISTRICT COUNCIL.

The monthly meeting of the above Council was held on Monday evening last, at the offices, Rothwell, there being in attendance C. S. R. Chadwick (chairman), James W. Dobson, William Lunn, James Arncliffe, John Hirst, George Wm. Blakey, William Abbotshaw, T. P. Wade, J. B. Hindle, T. W. Dodgson, Deputy Medical Officer (Dr. H. Stevenson), Surveyor (Mr. J. Southworth), sanitary inspector (Mr. Moorhouse).

Before proceeding with the ordinary business the Chairman expressed regret on the death of their medical officer, Dr. R. Stevenson, and moved that a vote of sympathy be sent to the relatives. No one thought of it at the time they were to have a vacant chair. Dr. Stevenson was the best medical officer he had ever come across, and so far as his duties were concerned he was irreproachable. No doubt he was badly paid, but he loved his work and they were very much the poorer for his loss.

The motion was carried unanimously.

HIGHWAYS.

At a meeting of the Highways Committee held May 23rd, there were present Messrs W. Abbotshaw (chairman), John Dobson, Chadwick, Geo. Arncliffe, Lunn, and T. P. Wade.

The Surveyor reported he had tried a trial experiment on the calcium chloride for preventing dust and preferred the latter.

Resolved, that calcium chloride be laid in on the road between Half-Way House to Mr. Hartley's shop; 2 Carlton Lane; 3 Carlton Town Street; 4 Pontefract Road for 100 yards.

That the money due be purchased from John Green & Sons at 5s 8d per ton.

That the Highway Committee's attention having been drawn to Mr. Horner's statement at the last meeting, the Council's Association on the maintenance of main roads by the County Council the matter be referred to the Council.

The weight on the road between the last two years was £12 to £15.

The following tenders for paving of Commercial Street were considered:—Mr. Bradshaw & Co., £1482 7s 11d; Wm. Keighley £1307 7s 7d; Limmer Asphalt Paving Co., £1471 13s 4d; French Asphalt Co., £1908 13s 1d; London Asphalt Co., £1602 16s 4d; Manchester Sanitary Armoured Paving Co., £1315 11s 11d; Wm. Nutt £2116 16s 4d; Roadmaster Co., £1473 13s 4d; Wm. J. H. Worthington & Co., £1325 10s 9d; W. H. Worthington & Co., £1286 10s 3d.

Resolved, that the tender of Messrs W. H. Worthington Ltd. for £1286 10s 3d be accepted subject to a favourable report from the visiting members.

Resolved, that the Tramway Company be asked to pave their portion of Commercial Street for which they are responsible in the same manner as the portion to be paved by the Council, or with wood blocks.

Mr. Horner reported on evidence he had obtained in regard to Bailey Lane, and the matter was adjourned to next meeting.

Mr. Abbotshaw moved the minutes for consideration. Along with Mr. Lunn and Mr. Wade he had visited some where Limerock was used. Mr. John Dobson was also to accompany them to see the road, but by accident they had inspected several streets in Ashton-under-Lyne and the Eastern Division of Manchester. At the latter place there was a road which had been paved down five years. The appearance of this road was quite as good as when it was just laid. There was heavy traffic passing over it. The Limerock was laid in six inches, and Adjoining Manchester—Stretford district—they inspected some more streets; one of the members remarked upon the road being like a skating rink further west, which the road was some persons roller skating. That Council had spent from 60 to 70 thousand pounds on the material. In another vicinity they were informed that a road which had been laid with the substance for several years, had not been repaired and that there was ten years use in it. They were more than ever satisfied that the material was reliable.

Mr. G. Arncliffe asked if they had inspected any roads where tram lines were drawn similar to Commercial Street.

Mr. Abbotshaw said they had not, but a letter had been received from Mr. England, manager of the Tramway Company with reference to an area in Glasgow similar to the street they intended improving.

Mr. Arncliffe asked for the letter to be read. The Clerk read the letter which was from the manager of the Glasgow City Tramways stating that although they had used the Limerock they would not recommend it nor would they be in favour of adopting it again.

Mr. Abbotshaw said they intended paving the sides of the lines with granite sets.

Mr. G. Arncliffe said they were utter folly flying in the face of such evidence. It appeared remarkable that the deputation had not noticed any tram lines, when in a part they had seen to have been paved with a portion of a principal tramway route.

Mr. Abbotshaw in answer to a question, said they had not been shown round by a certain committee as requested, which the material had not been shown round by a certain committee as requested, which the material had not been shown round by a certain committee as requested.

Mr. J. Arncliffe said if the material was going to be adopted in the residential parts of the district as well, instead of having a 3d rate they would have one of 12s. The material road was quite suitable.

Mr. J. H. Horner said the dust nuisance in Commercial Street was caused by the refuse from shopkeepers, and not by accumulation of dust on the macadam road. For 2s

yard they could obviate the dust nuisance with a substance used successfully by other Councils, and they could do it not only in this particular street but in the whole district.

Mr. Wade said if some of the members had gone with them to inspect the roads they would have different and more favourable opinion of the material. He wished they would put some of it in Stourton.

Mr. Horner said there were streets in the district infinitely worse than Commercial Street. Not by any means was the traffic and the dust so great as on the tramline where the road ought to be railway traffic being covered over the roads by huge motor vehicles.

Mr. G. Dobson said there was a portion of road in Carlton Lane which was the worst bit in the district.

Mr. Horner proposed as an experiment that they pave a third of Commercial Street instead of the whole street.

Mr. G. Dobson seconded.

Messrs G. Arncliffe, J. Arncliffe, Horner, G. Dobson, Volland and Ellis voted in favour of the resolution and Messrs the Chairman, Blakey, Hirst, Hindle, Abbotshaw, Wade, and Lunn agreed.

The motion was therefore lost.

It was decided to keep a record of the votes. Mr. G. Arncliffe said they were very likely want for reference some time.

Mr. Lunn and I too.

Mr. Abbotshaw said he wished to question Mr. Horner's authority for bringing the matter forward at a conference in Leeds of the West Riding County Council taking control of the main roads.

Mr. Horner thought that the Highways Committee would have done better, and it would have been more dignified had they passed a vote of censure upon him. It was merely a question of time as to when the minutes. I told you at the meeting I should vote in favour of the County Council taking charge of the roads," he said. "You should have kept your eyes open." It was six years since they first contemplated taking them over. They had already obtained charge of 60 miles of road in the country, and in the next year it was intended to say, they would have taken considerably more.

Mr. G. Arncliffe asked if Mr. Horner went to the meeting to represent himself or the Council.

Mr. Horner said he went to represent himself.

Mr. Arncliffe said Mr. Horner ought to have made it perfectly clear that he was speaking personally and not on behalf of the Council, who had reason to complain of his attitude. He thought the County Council had as much right as the roads in the area were not as good as they might be and the system in vogue at the present time was not perfect, yet he could not in the next year, to the Urban Councils would know their wiser better than the officials at Wakefield.

Mr. Lunn said Mr. Horner had been to fly his own flag. He had not voted against the Council's wishes with respect to the control of roads, but had proposed a scheme for a sanatorium, which they at Rothwell never passed a resolution to take powers out of the hands of Urban Councils; it was simply a whim of their Highways Committee.

Mr. Horner said in favour of such an arrangement himself, although he must consider that when the County Council took over the management of Education, the schools improved.

Mr. Hirst said it was no use criticising Mr. Horner now. They should have considered the matter previously.

Mr. G. Arncliffe proposed that the Council should record that Mr. Horner's statements in regard to the County Council, having charge of highway matters, are acknowledged by himself to be his own private opinions, and are not in any way the views of the Council, and that a copy of the resolution be sent to the County Council.

Mr. Horner said if the resolution was passed the Council would be bound to stick to it. There were those at the meeting who should have protested instead of bringing it into the Council. He was not late now. It was carried.

The minutes were approved.

FINANCE.

At a meeting of the Finance Committee held May 23rd, there were present Messrs John Dobson (chairman), Chadwick, Abbotshaw, Lunn Wade, and George Arncliffe.

The Committee considered objections raised to payment of some of the outside workmen by cheque.

Resolved, that the payment of wages by cheques be discontinued.

That the Electrical Distribution Company be asked to meet the Committee next month.

That the Council's workmen have one day's holiday on Coronation Day without stoppage of pay.

That the decoration of the offices for the Coronation be referred to the Council.

The stationary contracts were let as follows:—Arncliffe & Rawling—No. 1, No. 35, 43, 44, No. 51, No. 60, No. 62 to 69; Jewett & Son—No. 22, 26, 27, 30, 34, 47, 48, 49, 52, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

The minutes were passed for payment amounting to £187 11s 10d.

SANITATION.

At a meeting of the Sanitary Committee held May 22nd, there were present Messrs Chadwick (chairman), Corden, S. Dobson, Hirst and Volland.

Resolved, that Mr. Chadwick be recommended to appoint Dr. Hugh Stevenson as Medical Officer at a salary of £50 per annum subject to the approval of the Local Government Board.

The Clerk wrote the Board as to the necessity of issuing any advertisement and that until such appointment is settled, the case of Mr. Chadwick be referred to the Local Government Board.

The Inspector reported on an alleged case of over-crowding in Dungen Lane. The complaint was anonymous and the Inspector reported there was no over-crowding.

Of two cases at Shaw Ditch he reported that the person occupying and 3 children the other. In the second case there was a family of 12 with one bedroom only, 4 children and 3 children in the kitchen. The Inspector was instructed to inspect the latter family procuring another house.

The Inspector was instructed to write Mr. Lunn about the flooding of his cellar was caused by the sudden access of rainwater in the sewer and not to backing up at the outlet.

The Surveyor was instructed to arrange for a storm water overflow to the manhole in Gilt Lane.

Resolved, that the Committee inspect two sites for a cemetery at 6 p.m. on Wednesday.

A letter was received from Mr. Johnson's office, that he had been laid up for the last three weeks.

Resolved, that the Clerk ascertain how far Mr. Johnson has got with the alterations to the Lemonroy plans, and if he agrees to give the undertaking to the Rivers Board to complete the deposits and apply for sanction for loan before the end of June.

The Inspector reported to the next meeting on any cases where there are three houses to one closet.

The question of payment of Lord Stourton was referred to the Council.

The Surveyor was instructed to bring up particulars for the drainage of Koyds Green at next meeting.

The Surveyor reported his monthly report which is as follows:—During the past month 9 nuisances have been abated. 518 Loads of Nightsoil have been removed. 45 Horses have been disinfecting.

Three samples of milk, all of which taken in the Stourton district, have been of "genuine" quality.

Ten canal boats have been inspected, all of which were satisfactory.

The minutes were adopted on the motion of the Chairman and Mr. Ellis with the exception of the appointment of a medical officer, which was left over, and Dr. Hugh Stevenson temporarily installed.

The Clerk was asked fixed by arbitration against the Council for breaking up a road belonging to Lord Stourton was £44 13s 11d on a sum of £200. The Council had yet to decide whether they would pay this amount or go to law. The matter was taken to Committee.

REPORT.

Dr. H. Stevenson reported that during the past month there had been 34 births—15 males and 10 males—and 22 deaths—12 males and 10. The infectious diseases noted were 12 cases of scarlet fever, 4 of typhoid, 3 of diphtheria, and 2 of phthisis. No cases were reported in the Stourton and South Wards.

At a meeting of the Building Committee held May 22nd, there were present Messrs J. H. Corden (chairman), Chadwick, S. Dobson, Volland, and Hirst.

Resolved, that plan for house Mr. Place be passed subject to its being removed the present developments in the district to merit that number. No doubt the scheme would not be in the interests of property owners as it would reduce the value of houses.

The motion was carried unanimously.

Mr. Horner moved that the whole Council constitute the Committee.

Mr. Abbotshaw seconded and the motion was adopted.

CRICKET NOTES.

(By Spectator).

Last Saturday was another ideal cricket day and the wickets generally favoured the batsmen. Good scores being made by several clubs. Louthouse and Carlton faced each other at Louthouse in a Wakefield and District League game, but there was not much interest in the encounter which one was accustomed to see these rivals meet in years gone by.

On Saturday, Carlton were handicapped through the unsatisfactory state of the wicket, and their regular players and the team was very weak compared with the eleven which played at Louthouse on the last two or three occasions.

The home team batted first. The opening pair Burrows and Kellett made a capital start playing the bowling with ease and punishing the loose balls severely. Kellett scored the fastest, but there was very strong on the leg side. When they had made 66 Kellett was caught from a skier by the wicket-keeper after having contributed 47 in his best style. Lunn joined Burrows, but before he had made 10 Burrows had made 100. Burrows was then bowled by a very poor show with the bat, the side being dismissed for 27, 16 of which were obtained by W. Brown. Sykes took 6 wickets and Scott 5.

At Carlton, the Louthouse second eleven defeated Carlton by the grand margin of 60 runs. The victors had choice of innings and a disappointing start was made by the early batsmen, 3 wickets being down for 3. When 29 runs had been scored the sixth wicket fell, but Bill and Thatcher then stopped the debacle and the former had survived an appeal of the wicket being hit and used the wicket pretty freely hitting all round the wicket in style. He made 68 before being disposed of, his display being far the best in the match. 114 was the total Carlton had to face, and the little hopes of topping that figure were dispelled when 2 men were got rid of for none and a few more were out and the total for 167 and Wm. Brown 10 none of the remaining batsmen could do anything noteworthy against the trundling of Thatcher and Brock. No fewer than 14 of the Carlton batsmen were credited with ducks.

After their extraordinary achievement against Nettleton, the Oultonshire eleven were engaged in a very interesting game at next meeting.

MR. HORNER AND TOWN PLANNING.

In accordance with a notice of motion, Mr. Horner submitted a proposal for adopting the plan of the Town Planning Committee in the Stourton district. In doing this he did not wish to select public favour, nor was it in respect to an election, as he would be willing to retire from the Council if a suitable man could be obtained to represent his Ward. The Bill provided several advantages which they would do well to lay hold of, but unfortunately when it came out of the House of Lords it was only a mere caricature of what it was when it went in. Over fifty authorities had already put it into operation, and he wanted all the members to enter into the spirit of the scheme. Leads had got an eye to their district. They would remember the occurrences of a few years ago. If they did not take steps at once in this matter, by the time the next session they would be included in the Leeds area. He first of all wanted the Surveyor to prepare a map of the district so that they could contemplate it. If the Council did not take this initiative step and get the district scheduled into a scheme the ground would be cut out from under their feet and would not cost more than £100.

In preparing the scheme they would have to pay great attention to sanitary matters. They would have to take into their consideration the drainage of the district. If they could acquire them with the advantages of the scheme matters could be amicably arranged. If they would not do this it would be a question as to what course the Local Government Board might take.

Mr. Abbotshaw seconded and said they ought to do something in the matter.

Mr. Geo. Arncliffe said he did not want to oppose the resolution.

Mr. Lunn said he was inclined to believe a statement that there were houses in the district which ought to be razed to the ground. He was strongly in favour of a house-to-house inspection at Rothwell. They were allowing houses to be built in the district which would be a great disadvantage. He provided that not more than two or three be built in a block. The idea of attaching garden plots to houses never entered the heads of the present builders. They intended adopting such proposals as would secure the comfort and good housing of the working class. He thought the Council would do well to consider the Town Planning scheme.

They wanted a committee—not like the Small Holdings Committee who let a long space of time interfere—who would do the work. If they were going to do anything they should be done immediately. He was satisfied that if the Council built two hundred houses they would have ready occupants for them. There were a great many developments in the district to merit that number. No doubt the scheme would not be in the interests of property owners as it would reduce the value of houses.

The motion was carried unanimously.

Mr. Horner moved that the whole Council constitute the Committee.

Mr. Abbotshaw seconded and the motion was adopted.

WOODLEESFORD WESLEYAN SUNDAY

SCHOOL.

In continuation of the anniversary of the

Wesleyan Sunday School on Sunday last, Mr.

H. Lister of Leeds was the preacher morning

and evening. In the afternoon a young

people's service was held, when recitations

were again given by the scholars. Mr. Lister

also delivering a short address. The weather

being favourable these services were very well

attended. Special hymns were rendered by

the scholars and friends, the singing being

very hearty, a small orchestra adding to the

effectiveness. The secretaries have to report

that the whole collections are below those of

GARDEN PARTY AT CARLTON.

By the kind permission of Mr. John and

Mrs. Dobson, the Rothwell and Carlton mem-

bers of the Women's Total Abstinence Union

held a garden party at Green End Farm on

Wednesday last, the proceeds of which were

equally divided between the two Societies.

The weather was all that could be desired

and the function an unqualified success, mem-

bers of the association of each Society work-

ing enthusiastically for the success of this

first of their kind. A large quantity of provisions

had been brought, and it was chiefly to the

generous contributions in kind that there was a

substantial balance in the hands of the treas-

urer at the close, for had all the provisions

been bought there could not have been much profit

from such a sumptuous tea at a price per head.

Altogether about 150 sat down to tea on the

lawn in front of the house there being three

or four strings of music.

After tea a joint meeting of members of the

two Unions was held under the presidency of

Mr. Mossop president of the Rothwell Branch

who was supported by Mrs. Dobson, the first

president of the Carlton branch, which has

only been in existence about twelve months.

The chief feature of the meeting was the

report of Mr. T. Young who represented the

Societies at the recent Women's Total Abstin-

ence Union London Conference.

At the close of the meeting thanks were

expressed to Mrs. Young and Mr. & Mrs. John

Dobson, Mrs. Southwell and Mrs. Bartham

speaking to the resolution.

Afterwards the children attending the local

school gave an exhibition of music and

planning and dancing under the direction of

Misses E. S. and Lizzie Newton and Mrs. C.

Thompson, music being supplied by members

of the Carlton Temperance Band, conducted

by Mr. O. Thompson.

Finally arranged tug-of-war contests fol-

lowed between Carlton and Rothwell teams

and excited considerable rivalry the music and

sense of the Carltons being more than a

match for the lightly built team of Rothwell

along athletic lines.

Mr. & Mrs. Dobson along with members of

their family did everything in their power to

minister to the enjoyment of their numerous

guests and had the satisfaction of knowing

that their efforts were fully appreciated.

The effort resulted in a net profit of £4.4s

which will be a substantial help to the local

Union in endeavoring to spread the temperance

message and to the benefit of the women of

the district and in helping to meet the expenses

of contemplated propaganda work.

WESLEYAN CHOIR TRIP.

It was a merry party that invaded Fyfe

on Wednesday last, the 7th inst., en route

for the Rothwell Wesleyan Choir journeyed via

Scarborough to the younger and smaller sister

place, Scarborough, where they were met by

lifeboat crew. The weather was most

delightful, the warm sun, the fresh sea breeze,

the easy-going unconventional manner of the

people combined to make everybody happy

and buoyant. From the aeroplane at one

end of the present bay to the wild Brigg at the

other end, and into the little town through

its unobscured streets, or up its mountain

side, the party, in companies or in couples,

wandered at their own sweet will. Two or

three of the gentlemen had a dip, and greatly

enjoyed a swim under the beautiful clear

water, buoyant ripples. Another trio of male

trippers spent a portion of the day in Scar-

borough and joined the main body at that town.

The business were very cordial and the

visitors should take the opportunity of having a

sea trip, but only three brave hearts ventured

in the heaving (if boom of the stormy deep

THE OUTLON BAZAAR AND FETE.

Oulton is fortunate in possessing many fine
landscapes, and in order to further increase the
interest in the life of the village, and in
order to assist in the happiness and
well-being of the general body of residents,
it was in 1893 that the village Institute was
built—a want which had long been felt and a
common meeting ground which has been
greatly appreciated by all. In this movement
members of the Calverley family were closely
associated and have ever since given their
wholehearted support. Although the Institute
when first opened was quite adequate to
meet demands made upon it, it has been felt
for some time now that more accommodation
for billiard playing &c. would be a great
convenience, and a capable Committee with
Mr. Boothroyd the secretary as one of the
chief organizers it was decided to
extend the premises—a step which had been
contemplated for some time. The first building
put up by providing further rooms on a
second floor.

Already substantial financial aid has been
promised, and in order to further increase the
money in hand before going forward to bricks
and mortar a three days' bazaar and fete was
organised, Major Calverley kindly throwing
open a part of the house and grounds—an act
which in itself ensured the success of the
enterprise should the weather be favourable.

It was in amalgamation with the Oulton
workers that this bold effort was undertaken,
financial aid being also required to renovate
the interior of the village Church the arrange-
ment being for half the proceeds to go to each
object.

The handbook of the bazaar has reference
to the Church as follows: "The Church, which
stands within the Park, was designed by
Thomas Rickman, and built in 1829 at the
cost of John Blades, Esq., formerly Calverley,
and this patronage has been resumed by his
descendants. It consists of nave, north and

THE OUTLON BAZAAR AND FETE.

Oulton is fortunate in possessing many fine
landscapes, and in order to further increase the
interest in the life of the village, and in
order to assist in the happiness and
well-being of the general body of residents,
it was in 1893 that the village Institute was
built—a want which had long been felt and a
common meeting ground which has been
greatly appreciated by all. In this movement
members of the Calverley family were closely
associated and have ever since given their
wholehearted support. Although the Institute
when first opened was quite adequate to
meet demands made upon it, it has been felt
for some time now that more accommodation
for billiard playing &c. would be a great
convenience, and a capable Committee with
Mr. Boothroyd the secretary as one of the
chief organizers it was decided to
extend the premises—a step which had been
contemplated for some time. The first building
put up by providing further rooms on a
second floor.

Already substantial financial aid has been
promised, and in order to further increase the
money in hand before going forward to bricks
and mortar a three days' bazaar and fete was
organised, Major Calverley kindly throwing
open a part of the house and grounds—an act
which in itself ensured the success of the
enterprise should the weather be favourable.

It was in amalgamation with the Oulton
workers that this bold effort was undertaken,
financial aid being also required to renovate
the interior of the village Church the arrange-
ment being for half the proceeds to go to each
object.

The handbook of the bazaar has reference
to the Church as follows: "The Church, which
stands within the Park, was designed by
Thomas Rickman, and built in 1829 at the
cost of John Blades, Esq., formerly Calverley,
and this patronage has been resumed by his
descendants. It consists of nave, north and
south aisles—each divided from the nave by
a screen in pairs, and the open provided

FETE AT WOODLESFORD.

Under the auspices of the Oulton-Woodlesford Working Men's Club and Institute, a tea, sports and gala were held Saturday last. A lengthy programme was arranged, but it proved too much for the officials, and many items had to be abandoned. Fine weather favoured the venture and much of the success was due to Mr. Frost Oulton, who carried out the secretarial duties.

The proceedings commenced at two o'clock when the children assembled in Woodlesford Lane, near the Club. Here a procession was formed, comprising the older children, Boy Scouts, under Scoutmaster Reeves and Assistant Scoutmaster Britton, officers and members of the club, and friends, and the Oulton Brass Band. After the procession, the children from two to five years of age, numbering 90, were marshalled by Mrs. Elliott, Mrs. O. Evans and Miss Inman, teachers at Woodlesford School, and marched to the Oulton Institute, where there were provided with tea, which they thoroughly enjoyed. Afterwards each child was presented with a toy. Meanwhile, a programme made a tour of the two villages. A number of comic characters caused much merriment. Prizes were awarded to George Gardin, of Rothwell, Highgate, for best costume, a child's motor-car; Master Percy Hughes, who made a capital Indian; James Murray, who at other times figures as a comic singer. For his representation of a clown, and Mr. Oulton, who was assisted as an older countryman. The latter bore a card on which was written "Success to our fete."

Tea was provided for 200 children between the ages of 5 and 14, and later 380 adults sat down. The tray-holders were Mrs. T. Williams, Mrs. O. Bates, Mrs. C. Jeffries, Mrs. Braxley, Mrs. A. Roberts, Mrs. A. Wright, Mrs. J. Higgins, Mrs. S. Abbey, Mrs. Owen, Mrs. T. Britton, Mrs. Rayner, and Mrs. T. Penn, and they were assisted by Misses D. Wigglesworth, G. Barnet, E. Higgins, K. Thackrah, A. Ellis, A. Britton, A. Britton, L. Britton, D. Gossney, and C. Abbey.

In the evening there were sports, etc., in the Woodlesford Cricket Field. The Oulton Band played selections of music, and also for dancing. The Oulton Boy Scouts, who claim to be "unbeaten in anything," have secured no fewer than 50 badges. They gave an exhibition of camp life, and also of canoeing, and also of sailing. "Boys, be prepared," which they rendered before the King recently. The principal officials were Messrs W. E. Braxley, C. Abbey, A. Roberts, A. Higgins and Fred Owen. The results of the sports were as follows:—

CRICKET NOTES.

(By Spectators).

The weather continues to be all that can be desired and last Saturday those participating in outdoor pastimes were favoured by another ideal day. The home team without out of all cricket enthusiasts. The Rothwell first team were engaged in a friendly with their neighbours Robin Hood and brought all a well-earned victory. The home team without out of all cricket enthusiasts. The Rothwell first team were engaged in a friendly with their neighbours Robin Hood and brought all a well-earned victory.

Woodlesford were beaten by Beeston P.O. at Beeston. The home team compiled 92 O. P. Parsons 25 and D. Gray 23 being the principal run-getters. With the exception of Hewitt none of the Forsters played with any degree of confidence and the team were dismissed for 57-117 being made by Hewitt.

Oulton first journeyed to Sandal to play a friendly, and the Owls won by five wickets. Sandal having first put together 72, followed contributing 72. The four Oulton trundlers did exceedingly well. Oulton lost five wickets in knocking off the Oulton, a Oulton, who went in first being not out 24 and P. O. Higgins not out 18. Besides making the highest score for his side Pollard took four of the wickets. Tomorrow Oulton entertain Army in the semi-final of the Hagerston Cup when a second game and a fine game is anticipated.

BOWLING.
In the Leeds and District Individual Merit Competition, T. Brown, of Oulton, was beaten in the semi-final by W. Bent, of Alktoft, who also won the final. The semi-finals provided good sport, the contest between Bent and Brown being notably stern in its later stages. His rival made a fine recovery, and scoring at ten of the next thirteen ends, the game was squared "50 all." The Alktoft man claimed the next cast, and thus won by a margin.

THE PRINCESS AND THE DANCER.
Of all the flowers in the Princess's garden the daisies that grew near the rose bush counted the most precious. The semi-finals provided good sport, the contest between Bent and Brown being notably stern in its later stages. His rival made a fine recovery, and scoring at ten of the next thirteen ends, the game was squared "50 all." The Alktoft man claimed the next cast, and thus won by a margin.

THE PRINCESS AND THE DANCER.
Of all the flowers in the Princess's garden the daisies that grew near the rose bush counted the most precious. The roses were prettier than we are, and the lilies more graceful, but we are much wiser, for we have learned that the daisies were the most precious. Mr. James Armitage said he was one of the

persons Mr. Lunn was speaking about, although

he had not said so. The cap fit to him

put it on. He would like to know if the

£1286 was going to be the full cost. Who

was putting the kerbing, manholes, &c. down.

The Surveyor: The Council.

The Chairman: We have one contract in

the contract for cement, if it was, it is very

expensive cement.

The Surveyor: Yes.

Mr. Abbot: Is there anything else you

want to know? We are doing the work and

are simply putting new kerbs down because

the old ones are done.

Mr. J. Armitage: I don't know. With all

due deference to Mr. Lunn, when all is

reckoned up it will cost about £2,000. I

should rub my hands with glee if it were

successful; but even then, I should not be in

favour of doing other roads in the district

with it. The road from Mr. Lunn's corner to

the Black Bull has been more ripped up than

any other portion in the Council's area, and

from Mr. Lunn's corner to Church Street it

will soon have to be broken up the kerbing

either for water pipes, gas pipes or something

else, and then what will be the cost of repair.

Mr. Lunn: I have been told that the

kerbing has been tar-paved and it would be a

far better road. If you are going to carry out

all your roads at a cost of £2,000 for every

year, instead of a 3s rate you will require one

of 6s.

Mr. G. Armitage said he had never heard

of a more impulsive speech than that which Mr.

Lunn had made. He was concerned

with the spending of public money but he

was not in favour of appealing to the Board of

Trade or having one in for this road repair

scheme.

Mr. Lunn: I am as much concerned as you.

Mr. G. Armitage referring to remarks made

by Mr. Lunn about motor cars and their

damage to the roads, said the fewer motor

cars the better. He said the best car he

had seen was a motor car with a

PIGEON RACING.

At most of the race points on Saturday the wind was reported as N or N.E. and as a result Yorkshire fanciers had a great disappointment for that day. In some of the Federations a large number of fanciers had poor returns and the birds which were timed in had had good tests of their stamina. Compared with the previous week's races the velocities dropped in a marked degree.

YORKSHIRE FEDERATION: RUGBY RACE.

Major Fred Leather and Rhodes were at Rugby on Saturday, with more than an average number of birds, but were keenly disappointed to find the wind coming from the north-east. They were to start with the Western Section at 10.45 a.m. and the birds got well away. From the reports to hand the winner appears to be Mr. W. Ward, of Dighton and Aveling Club, with a velocity of 988.55 p.m. per minute. The next best record is that of Mr. W. S. Talbot, of the Farley Club, with 948 yards, followed by Mr. H. Tappan, of the Morley Club, with 929 yards.

In the Eastern Section Mr. F. Eiland, secretary of the Castleford Club, brought off a meritorious performance by making 929 yards and the only other to obtain 900 was Mr. Simpson, of the Altonby Bywater Club, who had two birds doing that velocity. Mr. H. Tappan, of the Farley Club, was third with 885 yards.

The honours of the Federation again go to Lamb Bros, of the Canklow Club, who made 1,029 yards. They are very consistent racers as their records in this journal will prove. The next in the section and Federation is Mr. B. Bins, of the Rose Hill Club, with 1,004 yards. No other club returns show 1,000 yards per minute.

Bottommost H.S. (92 miles)—Eleven members sent 54 birds. F. Butterfield 837, E. Berry 786 and T. W. Leonard 729. Durham 775, J. W. Hamall 741, G. Arundel 709. Mr. Berry wins club special.

WAKEFIELD FEDERATION: ASHBY RACE.

The Wakefield Federation Clubs had a race from Ashby on Saturday, a start being made at 12.45. The conveyor reported the wind as N.E. and weather fine. He considered it the day to try the birds up. They went well away, and under the conditions made a good return. With an exception (that of the Staincross Club) all the velocities are to hand. But the situation is somewhat complicated. Mr. Lewis, of the Louthcross Club, who had 93 miles to cover, is credited with 974.15 yards. His bird was timed in at 2.50. In the Staincross Club Messrs Ingham and Bedford timed their first bird in at 2.22. Louthcross H.S. (69 miles)—Seventeen members sent 200 birds. Lewis 974.15, 876, Ward 961.24, 903, 877, Hamman 944.29, Smith 922.29, Clarkson 912, 889, Jackson 903.

Methley H.S. (69 miles)—83 members sent 40 birds. J. Simpson 872, Palmer and Yealland 856.11 and 794, Gallagher 750.

LEEDS FEDERATION: ASHBY RACE.

In this race, in which the birds were liberated at 12.10 in an easterly wind, Messrs Brod of the Stanley Club, lead the reports to hand with a velocity of 925.5 yards per minute. Mr. W. Harrison, of the Rothwell Club, was close up with 920 yards, and Mr. J. H. Brown of Stanley, takes third honours with 916.65 yards. It was a good, hard, level race, with no outstanding features.

Stanley H.S. (85 miles)—Fourteen members sent 160 birds. Brown 925.5 p.m. and 882, J. Brown 916.65 p.m. and 886, T. Westerman 915.5 p.m. and 849, Calvert 896, W. Eather 846 and 840, and Mr. J. H. Brown 841. H.S. (93 miles)—24 members sent 281 birds. W. Harrison 920 p.m. and 898, G. Brown 872, 778, E. Nunn 891, 872, J. J. Blackburn 880, T. W. Ashby 849, 824, J. Armstrong 844, 779, 559, M. Adamson 728, Jax. Fox 655, J. W. Bulmer two birds 646, O. Birkin 628.

YORKSHIRE MID-WEEK FLYING CLUB.

Young birds' race from Rugby—26 members sent 332 birds. Moody and Taylor 1,000 and 964, W. Spencer 938 in 60p, Wilson Bros 987 and 975, G. H. Eley 986 and 980, J. T. Siddes 985 and 933, T. STOURTON PRIMITIVE P.S.A.

There was a good attendance at the above service on Sunday last, when Mr. T. H. Collins, of Hunslet, gave an interesting address. Mr. J. Waterston was the organist.

STOURTON WESLEYAN P.S.A.

Mr. Arthur Richardson presided over a good attendance at the above meeting on Sunday afternoon last. Mr. Mitchell, of Oulton, gave an address on "Trust." Mr. L. Smith was the organist.

At the Kippax Flower Show on Wednesday, G. Bond, of Ryedale Green, in the vegetable class, secured second prizes for red celery, red cabbage, and 1st for cucumbers. In the 100 yards race, 1st prize went to W. Watson, of Stillingham, from the 12 yards' mark, was placed second, and Edwin Taylor, Woodlesford, 11 yards' start, 1st, 1st.

HUNSLLET BOARD OF GUARDIANS.

A fortnightly meeting of the above Board was held on Wednesday afternoon at the office, Hunslet, there being in attendance Mr. Conyers (Chairman) presiding, Mr. Butterick (vice-Chairman), Rev. Mr. J. Dillon, Messrs. Bennett, Armistead, Park, Burt, Green, Schofield, Garvin, Appleyard, Varley, Edson, Barratt, with the clerk (Mr. Mee) and assistant clerk (Mr. Wright).

At a meeting of the above Committee it was reported that two officers had exceeded their leave; that another officer had stayed away overnight without permission; and that another officer had gone out tomorrow and left word that she would not be back that night (also without permission). It was resolved that the officers' extra leave authorised by the Master be allowed. It was also resolved that the breaches of discipline be referred to a sub-committee to investigate and report, and that such sub-committee consist of the Chairman and Messrs Green and Bulmer.

The minutes were confirmed.

REMARKS OR EXPLANATIONS.

At a meeting of the Finance Committee the Clerk submitted his usual half-yearly estimate for the period ending Lady Day next, which showed a total required for common charges to be £12,418 and separate charges £2,338, a total of £14,756, compared with £14,074 for the corresponding half of last year and £17,859 for the current half year. £220 had been included in the estimate for extra relief which might be required on the revision of relief regulations, and it was resolved that this be struck out, the estimate, less this amount, being £14,536.

The Finance Committee decided to call the attention of the Board to the amount being paid for workmen. The estimate of the Police and District Committee was to be called to the decrease of contributions being made by relatives.

TAXES.

The Master reported the relief during the past fortnight of 295 vagrants against 156 for the same period a year ago, the gift of periodicals, one birth and 3 deaths.

On the recommendation of the Finance Committee accounts were passed for payment amounting to £2,278 3s 6d.

Deputations were appointed to visit Asylum at which Hunslet cases were being treated.

A vacancy on the Ladies' Visiting Committee had occurred through the death of Mr. Lawson; it was recommended to leave the vacancy open until the end of the year.

The Relief Regulations Committee minutes were submitted and approved, and show that several officers had written, stating they refused to be bound by the new regulations recently adopted by the Board. The Committee resolved that these officers be written and informed that the Board will insist on their orders being given.

ROTHWELL OLD BAND ANNUAL FLOWER SHOW.

The second annual flower and vegetable show in connection with the Rothwell Old Band was held in the Band-room on Saturday last. Mr. Nicholson, of Oulton, and Mr. H. L. Smith, of Rothwell, were the judges, their awards being as follows:—

Six kidney potatoes—1st, W. Newton; 2nd, G. Blackburn, Leadwell Lane.

Two sticks of celery—1st, T. Wilson; 2nd, W. Newton.

Three roots of broccolini—1st, W. Butler; 2nd, J. Field, Carlton.

ACCIDENT AT WOODLESFORD.

Whilst cycling through Oulton on Saturday morning last, a Woodlesford motor named Arthur Brumfield (27), of Exhale Place, was knocked off his machine by a motor car and sustained a fractured finger and scalp wounds.

He was cycling in the direction of Rothwell, and when going round the corner from Calverley Road into Leeds Road, he collided with a motor car owned by Messrs Henry Briggs, Son and Co., Ltd. and driven by Mr. J. H. Briggs, of 21, The Willows, Leeds.

Mr. Briggs' son, who was in the car, and attended to by Dr. Selvi.

OBSTRUCTIVE HATS—AND NOISY CATS.

To the Editors of the Rothwell Times,
Dear Sirs,

I was interested in reading your correspondence column last week, especially in that letter over the signature "Annoyed." I suffered myself in a local chapel on Sunday evening last from the same complete obstruction of view as your correspondent draws attention to, and had I not been able to move to the end of the seat I should not have been able to see the preacher's face during the whole of the sermon. I am not so utterly out of love with the big hats of our fair sex as your correspondent appears to be, for whilst agreeing with him in his expression of annoyance in having his view so completely interrupted, I do think that some of the large hats are particularly becoming and are worn with much grace by many women, whose face and figure seem to be adapted to this extravagant form of millinery display. It was my experience on Sunday night last, which led me to write you this within your paper, with a paragraph I read in the evening paper the other night on a topic which is evidently being discussed in other parts of the country, and on no occasion have we in this locality seen by no means immune. The paragraph reads as follows:—

"The Manchester City Council will, on Wednesday next, consider the recommendation of the Watch Committee that the Council should pass a by-law which will not only bring the by-law dog within the reach of the law, but the cat, the cock, or any other noisy animal kept within any house, building or premises." The by-law provides that "No person shall keep within any house, building or premises any noisy animal which shall be or cause a serious nuisance to residents in the neighbourhood. Provided that no proceedings shall be taken against any person for an offence against this by-law unless the nuisance has been continued for the expiration of a fortnight from the date of the service on such person of a notice alleging a nuisance signed by not less than three householders residing in the neighbourhood of the animal. For an offence against this proposed by-law a person will be liable to a fine not exceeding five shillings."

We need such a by-law in this district, or regulations even more drastic. For my part I think those annoyed by these irritating nocturnal disturbances should be allowed to go out at night with a dog or a cat, or any other noisy animal which habitually disturbs his rest and constitutes a real annoyance to his household. The extinction of a few hundred cats in the district would tend to the attainment of a real nuisance and give many a better chance of undisturbed repose during the day of night.

THE TEMPERANCE MISSION.

To the Editors of the Rothwell Times,
Dear Sirs,

I was surprised to read in your last issue of the far-fetched complaints about the arrangements for the temperance mission which has been conducted in the town this week. I think if your correspondent had signed himself "The Well Wisher" he would have been using a name truer to his character and feeling towards the Mission and those who have the arrangements to do. Your correspondent is evidently an outsider, for he has no knowledge of what such an undertaking means to some of those taking a prominent part in the arrangements. He does not know that sacrifices have to be made and expenditures incurred involving more outlay than his vaunted 3s subscription. Many of the workers are called on to contribute much, and we have not many Millionaires connected with the Rothwell Temperance workers, but they can patronise the collection box and so far as they can contribute their share in the fund.

To my mind there is no "drop" without money and without profit, "doctrine now-days." If you want some people to go to a place of worship you must attract them there by the interest of their children to attend Sunday School you have practically to attend to them by offers of treats, of prizes, and there is a distinct attitude of patronage about many when you get them there. So far as I am able to judge the collection has been no objection, for those who could afford have supported the mission, whilst those who could not afford cannot say that the box has been objectionably obstructed. Last week's snarl had not the ring of a "Well Wisher" about them, and if his true name had appeared I think we should all have seen that he was not one of us.

Yours sincerely,
T. E. TEE.

MINERS' HEROISM REWARDED.

Awards of £10 each were made at the last meeting of the trustees of the Carnegie Hero Fund to George Handley Silvester, Percy Angham and Joseph Oates, all pit workers, who risked their lives while endeavouring to rescue fellow-workmen from a shaft of the Water Haigh Colliery at Oulton. The award in the case of a fourth man named James Cannon was £15. To the widow of Herbert Hocking, who was concerned in the rescue and met with his death in a subsequent accident, an award of £25 was made.

EAST AND WEST YORKSHIRE UNION RAILWAYS.

The official traffic report for the above railway for the week ending Sep. 2nd, 1911, shows a decrease of 236.

For the 9 weeks ended Sep. 2nd, the return is £2798, the amount during the corresponding period last year was £2105, thus showing a decrease of £693.

FOOTBALL.

THE RUGBY GAME AGAIN.

ROTHWELL V. HALIFAX 'A.'

After an interval of fourteen years the public of Rothwell and district have again the privilege of witnessing a Rugby game in this little town—a sport which was very popular among football enthusiasts in the early days of the game. A very good match was run during the afternoon, but not successful financially they had one satisfaction in the fact that they brought out three or four new players, one of whom was spoken of by many as being a very promising forward in the Northern Union, namely Harry Wilson, of Hunslet. During recent years suggestions have been made that a Rugby team ought to be formed, and rumours have been afloat that the club was going to be re-constituted, but these have not been verified. It was decided, however, that a Committee would be elected and a Rugby team would be formed in the formation of the new club. Mr. G. Bulmer, who has spared no pains in getting the organisation into working order, was elected and a Rugby team was formed in the formation of the new club. Mr. G. Bulmer, who has spared no pains in getting the organisation into working order, was elected and a Rugby team was formed in the formation of the new club.

On Saturday last all local players were engaged. Being favoured by fine weather the attendance must have been very gratifying to the promoters, despite the fact that a cricket and a soccer match were taking place in the adjoining fields. Rothwell's opponents were Halifax 'A.' and shortly after Mr. Oakland of the Black Bull Hotel, and formerly a well-known player, was taken to the hospital. It was evident that Rothwell's first venture would not be a successful one from a playing standpoint. The visitors included three first-class players, one of whom was a former international player, and they were expected to win the match. The visitors scored many more points, but towards the close they were "buckled up" and Newton scored their first try. Halifax, however, retained the upper hand and won a one-sided game by 32 points to 0. The Rothwell team have a lot to learn as they approach anything like a professional level. They were "buckled up" and Newton scored their first try. Halifax, however, retained the upper hand and won a one-sided game by 32 points to 0. The Rothwell team have a lot to learn as they approach anything like a professional level.

The teams were as follows:—Rothwell: three-quarters, Farrer, Ward, Morley, Williams; half-backs, Grey, Pemberton; forwards, Shaw, Lister, Armstrong, Tolan, Mitchell, Ackroyd. Rothwell: Full-back, H. Wilkinson; three-quarters, Mason, Barnett, O. Birkins, Flowers; half-backs, A. Wilkinson, Ward; forwards, Brown, Elliott, Wright, Atack, G. Ward, and Newton.

ROTHWELL PARISH CHURCH V. STARBOK.

The champions of the Leeds League like their Rose friends have this season entered the Leeds and District Senior League. They have lost their first match, but they are not to be discouraged. They are looking forward to another successful season. The two first-named have thrown in their lot with the Hosts, whilst G. Woodhead, the cleverest centre, has joined Pudsey United in the Yorkshire Combination. Two or three good captures have been made by the Rothwell players, but they are not to be discouraged. STOURTON UNITED V. MIRFIELD.

STOURTON UNITED.

The Stourton United Club, after operating for some sixteen years in the local leagues and capturing in turn the championship and trophies offered for competition made their debut on Saturday afternoon in the Yorkshire Combination. Their visitors at the Hospital Field, Stourton, were the expected Mirfield men, and a fine crowd gathered to witness the opening contest. Carter led the game for Mirfield, who had to defend in the opening stages, as the Stourton forwards were left being initiated by Mitchell, Whitaker and Child. Moon, the old Woodville player, quickly checked the effort, and Thwaites and Llewellyn were kept busy on the Mirfield half. The latter severely tested Williamson in the home goal, but the Stourtonians smartly cleared his charge. A concerted dribble in which Thomas, McNair and Mitchell participated was frustrated by the keen defence of Treahan and H. Stevenson, who played steadily in the Mirfield rear, while Aitkins was next on duty to save from Donaldson. The home right winger, A. Long, but felled shot at the other end was the next incident of note, following which the Stourton forwards made a concerted attack on the Mirfield goal. Whitaker was fouled and a beautiful shot by Thomas nearly brought disaster to the Mirfield men. Aitkins, however, effected a superb clearance, and a splendid goal was scored, some pretty foot-work being seen on each side, and Brookbank, the home centre half, gave a notably sound display. A long run by Walter prompted well for Stourton, but Treahan proved a stumbling block, and the visiting forwards were very active there, and Stacey and Whitaker showing clearly. Carter also, severely centred Williamson, but the coveted place could not be gained. Thomas, Whitaker and Mitchell were conspicuous in a dangerous movement near the interval, and the last-mentioned with hard luck with his shot, which, owing to the rain, was then tipped over. Another concerted effort by the Stourton dribblers ensued, and a corner being forced Mitchell placed the ball beautifully for Brookbank to shoot into the net. Play was fast and furious after that, but nothing scored. Half-time arrived with the Stourton men leading by one goal to all. Re-entrance play was keen, but both sides showing great vigour. Stourton initiated a hot attack, and a corner being conceded Thwaites placed the ball nicely, Stacey cleared with his head, and the home goal-keepers and thus equalised the score. Stourton rallied again, and McNair, Mitchell and Thomas led a keen attack, displaying capital cohesion, but they could not find the clever defence of the Mirfielders. Thwaites gave the visitors the lead which they maintained to the end, finally winning by 2 goals to 1.

HUNSLLET BOARD OF

GUARDIANS.

A fortnightly meeting of the above Board

was held on Wednesday afternoon at the

office, Hunsllet, there being in attendance Mr.

Conyers (chairman) presiding, Mr. Butterick

(vice-chairman), Mr. Killingsbeck, Messrs

Green, Schofield, Park, Armstrong, Appleyard,

Bennett, Davies, Cartwright, Allison, Cart-

wright, Thomas, Marsden, Bennett, Verity,

Barrett, with the Clerk (Mr. May) and assistant

clerk (Mr. Wright).

WORKHOUSE VISITING COMMITTEE.

At a meeting of the above Committee held

on the 27th ult., reports were received from

the medical officer and superintendent nurse

upon the work of Miss Purdy, probationer

of the Committee. The candidate also attended before

the Committee and expressed her willingness

to enter into an agreement for three years' training.

It was proposed by Mr. Cartwright, seconded by Mr.

Green and resolved that the consideration of

the Board be recommended to appoint Miss

Purdy as a probationer nurse at the Work-

house from the 1st instant at a salary of £12

per annum, £10 for the 2nd year, and £8 for

the 3rd year, together with ration, lodging,

washing and uniform allowances, subject to

the provisions of the Poor Law Officers' Super-

intendence Act, 1875, and the Government Board and

to the usual agreement being entered into. The

master reported that Mr. Wilcock had not

yet received the cash payment of £20. It was

asked him to complete the purchase. It was

proposed by Mr. Cartwright, seconded by Mr.

Green and resolved that the consideration of

the Board be recommended to be done at

the lunatic block be adjourned to the next

meeting.

The minutes were confirmed.

COUNCIL'S HOUSES COMMITTEE.

At a meeting of the above Committee the

superintendent reported upon the experimental

repair of boys' clothing by Mr. H. Hobson, of

the workhouse, and that the same was per-

fectly satisfactory both as to work and cost. It was

agreed that until otherwise ordered, tailoring

repairs be sent to Mr. Hobson at an amount

of 3d. per garment. A letter was also

received from the Superintendent, applying for

the necessary painting and disinfecting to be

done. Tenders were to be asked for.

Mr. Cartwright, seconded by Mr. Green, pro-

posed that the consideration of the matter be

adjourned to the next meeting. The minutes

were confirmed.

At a meeting of the Finance Committee

accounts were passed for payment amounting

to £2,061 4 11d.

The Workhouse Master reported the gift of

perforated, three deaths and the relief of 148

infringe during the fortnight ending 11th

of the same period a year ago.

ROTHWELL WESLEYAN

HARVEST FESTIVAL.

The services held annually in the Rothwell

Wesleyan Chapel for special praise to God

for the blessings of the harvest, have, for

more years now than one care to count, been

bringer and carried through by the efforts

of the resident ministers, the Rev. Evan

Lloyd, occupied the pulpit at the

morning and evening services on Sunday last,

at which there were large congregations

present.

In the morning the pastor's discourse was

based on Christ's words regarding the seed

being cast into the earth and dying, from

which striking passage many lessons teaching

the fruitfulness of sacrifice were made plain.

Mr. Lloyd preached to a large congregation

in the evening on "Thanksgiving," a topic

on which he dwelt with great profit to his

hearers. The choir at both services was in

full force, the "Te Deum" being rendered

at the former service, and the anthem "Oh

Stephen, giving a very capable rendering

of the solo.

The special musical attraction of the day,

however, was the service of praise held in the

afternoon, and for which outside talent had

been engaged.

For years this service of praise has been

one of the most important musical functions

of the year, at which many of the best known

West Riding singers have appeared. It has

generally been held on the Monday evening

following the harvest festival, but last Sunday

afternoon of this year it has been tried as an

experiment, and judging from the gratifying

attendance it is a more convenient time than

a week evening.

The Rev. E. Lloyd opened the proceedings

and Mr. A. Marshall, the choir's president,

extended a hearty welcome to Councillor J. B.

Hindie, the advertised chairman, who, after

having said that he had not long been resident

in Rothwell, but had nevertheless entered

willingly into the public work of the town, and

appeared ready to help forward any good

cause around them, and the harvest

thanking collections were their only

means of income to meet cost of books,

music, organ repair, &c. He therefore

appealed for generous response to the appeal

for a larger collection.

The chairman expressed himself in accord

with the spirit of the day's service: there

were many visible signs of God's good

grace around them, and he congratulated the

workers who had arranged the tokens of

gratitude provisionally to artistically and

pleasing to the eye. It was not until so much

of the service was over that the harvest

thanking collections were their only

means of income to meet cost of books,

music, organ repair, &c. He therefore

appealed for generous response to the appeal

for a larger collection.

The choir opened the musical programme

with the hymn "Gloria," from *Mozart's* 13th

Mass, a particularly beautiful melody for the

organ, which in the sustained bars of the

highest notes were quite true in tone, al-

though a brave effort was made. This was

followed by a full strength chorus, which

gave a fine rendering of the hymn, and

first time they attempted *Mendelssohn's*

"Thanks be to God." It was indeed

praiseworthy, and the choir, modulated and

indicative of careful training and persistent

rehearsal. Excepting a vocal duet by Miss

Charlesworth and Mr. Hickes "Love Divine,"

which rendered, the other items were by in-

dividual artists.

Miss Rhodes Charlesworth is well-known

in the district and is ever welcome. "With

thy voice, O Creative Spirit," was very ap-

propriately treated by her, and later on "How

lovely are thy dwellings" was sympathetically

given. In Miss C. Hargreaves' violin solo,

was an article not so well known in the

neighbourhood. Under the name of "The

instrument, solo efforts are by no

means uninteresting, and this is particularly

so of the violin. In Miss Hargreaves' hand

the instrument placed large in the

concert of the service, and in this as well as

the accompanying of the whole of the other

musical instruments displayed mastery of the

instrument, and the choir, modulated and

indicative of careful training and persistent

rehearsal. Excepting a vocal duet by Miss

Charlesworth and Mr. Hickes "Love Divine,"

which rendered, the other items were by in-

dividual artists.

H NSLET BOARD O GUARLIANS.

A fortnightly meeting of the above Board was held on Wednesday afternoon at the offices, Hunslet, there being in attendance Mr. T. G. Conyers (chairman) presiding, Mr. J. Butterick (vice-chairman), Mrs. Killigale, Messrs. Green, Park, South, Poulton, Goring, Thomas, Bannister, Chapple, Appley, Armitage, with the clerk (Mr. Mee) and assistant clerk (Mr. Ward).

At a meeting of the Hunslet Visiting Committee the Clerk reported that he had heard nothing further from the Local Government Board in reply to his last application for sanction to an alteration in the young men's cistern. The Committee gave a false alarm of fire and the staff assembled at the entrance buildings and had the hose pipe in use within three minutes of the alarm being announced in the committee room. It was agreed that the Chairman, Vice-chairman and the Clerk be appointed to visit the cases belonging to this union, maintained in the Hunslet cistern, at the Hunslet, and to be heard on the matter in the committee room. ROTHWELL PARISH CHURCH V. STOURTON UNITED V. WEST VALE A RAMBLERS.

A LARGE CROWD AT THE LOCAL DERBY.

A REMARKABLE GAME.

Interest in the meeting of these clubs seems to increase yearly, for whether in a league, or in these contests always displays exceptional keenness, which makes the future more popular than otherwise it would be. This season, however, both clubs are bent on gaining the advantage, and the tussles therefore were expected to be more keenly fought.

The first meeting of these teams this season took place last Saturday, on the Parkside enclosure before a fine crowd, each side being well supported by their ardent partisans. Various opinions were expressed as to the chances of the two sides before the commencement, but after Saturday's exhibition I am quite convinced that luck in many matches plays a prominent part. Cricket has always been a game of the night, and it is in my opinion it has a good companion in football. How often do we see cases where the team have been pressing most, but the opponents have won, and the reverse has been the case in as far as goals were concerned. At one period last Saturday this sort of a result seemed almost certain, but that had perseverance and skill on the part of the Hunslet team, who were determined to equalise, and the game ended in a draw of 1 goal each. Was such a result a fair indication of the play of this great "Derby" is the question that I am inclined to think is the question of the moment. This match will be ranked as one of the most remarkable since the teams first faced each other. The Hunslet started in good style and the Ramsblers started in good style, but the Ramsblers kept the pace, but long before the finish they were not by any means as vigorous as in the early stages. STOURTON UNITED V. WEST VALE A RAMBLERS.

Stourton United entertained West Vale Ramblers at the Hospital Field, Stourton, on Saturday last, in the Yorkshire Combination. Brookbank commenced operations for the home team, but the visitors were first to attack. Hunslet, as vigorous as in the early stages. Hunslet, as vigorous as in the early stages. WOODLESFORD CHILD'S TRAGIC DEATH.

A Woodlesford child was met with death in tragic circumstances. Fred Hout, aged 15 months, the son of Councillor William Hout, of 4, Alma Street, got hold of a pot containing hot fat from the table, and drank some of the contents. The child's mouth and throat were severely scalded, and it died about five hours later.

BOXING.

At the Leeds National Sporting Club on Friday evening last, A. Littlewood, of Lofthouse, and T. Roberts, Leeds, met in six rounds contest. They were well watched, but Littlewood was the aggressor all through, and time came to the rescue of Roberts in the first round. It was evident that Roberts was completely outclassed, and in the second round the referee stopped the contest in favour of Littlewood.

PEDESTRIANISM.

At the New Peacock Ground, Leeds, on Saturday afternoon an interesting foot race took place between B. France, of Outwood, and T. Hooey, of Lofthouse, who ran 120 yards on level terms for stakes of £20 each. This was the third match between the pair on the same terms, each having a win to his credit. The partisans of the men mustered in good force, and betting was brisk at a good rate.

PIGEON SHOW AT CARLTON.

The newly-formed Carlton Pigeon Society held a pigeon show in the Queen Hotel, on Wednesday evening last. There were only two classes, there being 65 entries. Mr. George P. Balme, of Outwood, was the judge and gave the following awards:—Class 1, 41 entries, 1st, G. J. Wilson, Outwood; 2nd, G. J. Wilson, Outwood; 3rd, G. J. Wilson, Outwood.

WHIST DRIVE AT ROTHWELL.

Through the kindness of Mr. Chapman, baker, of Rothwell, a whist drive was held in connection with the forthcoming Rothwell Church Bazaar, on Tuesday evening last. There were 24 present, and the winners were—Ladies 1st, Miss E. Gibson; 2nd, Miss E. Gibson; 3rd, Miss E. Gibson.

ROTHWELL CHURCH BAZAAR.

A very successful whist drive and dance promoted by members of the Sweet and Crookery Hall and Young Ladies Fancy Ball in connection with the forthcoming Rothwell Church Bazaar was held in the Mechanics' Institute, on Tuesday evening last. There was a great attendance about 150 persons, and the whist drive was in charge of Mr. W. H. Hunslet, 36 tables being occupied. 20 hands were played, the winners being—Ladies 1st, Mrs. E. Edwards; 2nd, Mrs. E. Edwards; 3rd, Mrs. E. Edwards.

CARLTON WESLEYAN P.S.A.

Mr. S. Lawrence presided over a capital attendance at the above gathering on Sunday afternoon last, when Mr. A. Paul, of Hunslet, delivered an interesting address. Miss P. Holland, of Hunslet, sang very pleasingly "The promise of life" and "The land beyond." Mr. H. Nash accompanying on the organ.

ROBIN HOOD UNITED METHODIST P. S. A.

At the above meeting on Sunday last there was a very large attendance presided over by Mr. J. W. Chambers. A splendid address was given by Mr. W. Hunslet, of Ardsley, on "The best brook." The soloist was Miss Effie Watson, of Wakefield, and the song of the evening was "Come unto me" and "Abide with me." Mr. S. Hartley was the accompanist.

ROTHWELL PARISH CHURCH P.C.

In connection with the above Club a social was held in the Mechanics' Institute, on Saturday evening about 120 attending. Dancing was provided by Mr. J. Hunslet, and A. Gibson being the M.C.'s, Mr. A. Fowler was the pianist.

ROTHWELL WESLEY GUID.

There was a capital attendance at the above meeting on Friday evening last, in the Wesleyan Schoolroom, when a fine lecture was given by Mr. John Ellis, the Demosthenes of Wales, was given by the Rev. Evan Lloyd.

WEST HIDING JUNIOR CUP.

A meeting of the Junior Cup Committee of the above County Association was held at the Albert Hotel, Huddersfield, on Wednesday evening last. Mr. J. Connor, president presiding. The draw for the first round of the Junior Cup was made, the following of the clubs having completed:—Brotherhood Old Boys v. Oulton St. John's; Selby Olympia v. Great Preston; White Rose, Holbeck v. Leamington v. Carlton Temperance.

ACCIDENT IN BELL HILL.

A steam waggon belonging to Taylor's Drives Co. was off the road in Bell Hill on Thursday afternoon. It went through the fence about fifty yards below the cutting, and stepped on the embankment. The traffic was considerably interfered with, the vehicle being removed about eleven o'clock.

OUTLTON & DISTRICT BOWLING CLUB.

On Friday evening last the members of the club had their annual dinner at the above club and an excellent evening was provided and an enjoyable evening spent. After the loyal toasts had been honoured, the winners of the trophy were—Mr. J. Hunslet, 400; Mr. Smith (rec. 200); Mr. Hunslet, 400; Mr. Smith (rec. 200).

STOURTON WESLEYAN P.S.A.

The Rev. E. Barrett gave a capital address on "Learn to do well" at the above P.S.A. on Sunday afternoon. In the evening, his subject was "The turning point." The choir rendered the anthem "O taste and see" Mrs. Wain contributing the solo. Mr. J. Watkinson was the organist.

STOURTON WESLEYAN P.S.A.

Mr. A. Richardson presided at the above meeting on Sunday afternoon, when the Rev. W. A. B. Budge gave a capital address on "The Sabbath day." Very tastefully "The third with the broken wing" and "My Mother's Prayer." Mr. T. W. Crossland accompanying.

ROTHWELL TEMPERANCE SOCIETY.

There was a good attendance at the Temperance Hall on Sunday evening last, when Mr. H. Badger, of Leeds, gave a capital lecture on "Temperance." Mr. S. Sidebottom presided, and the choir rendered the anthem "Daughter of Zion" and "The Shepherd." Mr. W. Walker sang a solo in the latter anthem very creditably. Mr. C. Sidebottom accompanying.

THE SEASON OF COLDS.

INTERESTING FACTS BY A WELL-KNOWN SCIENTIST. This is the time of the year when coughs and colds are rife. Any helpful information on the subject from an authoritative source, will therefore, be welcome. Roughly speaking, there are two kinds of colds; those that are due to wet and cold bring on, and those that are caught by inhaling the germs of the foul air that is always to be found in large towns, in churches, concert halls, and bad workrooms, during the winter months.

THE MINUTES WERE CONFIRMED.

At a meeting of the Children's Homes Committee the Clerk submitted 7 tenders for the painting of the houses required to be done at the Homes. It was unanimously resolved that the tender of Mr. J. R. Hunslet, Leeds, at £2.00 be accepted. It was resolved that Mr. J. J. Charlesworth, Ltd., be asked for an explanation why second-hand coal is not as good as was supplied last year.

THE MINUTES WERE CONFIRMED.

At a meeting of the Finance Committee accounts were passed for payment amounting to £402 19s 6d.

THE RAILWAY REPORTED THE RELIEF OF 93 RAGS AGAINST 100 FOR THE SAME TIME YEAR AGO.

Also three births and 2 deaths. The question of the proposed extension of Leeds City boundaries was discussed in the Finance Committee, and it was resolved that this item be taken in Committee, Messrs Butterick and Fountain voting against.

NEVER NEGLECT YOUR SKIN.

ZAM-BUK WAGES SUCCESSFUL WAR AGAINST DANGEROUS DISEASE.

Many people who would not dream of neglecting to get a bottle of medicine if they were ill, regard with surprise the fact that anything the matter with their skins. Yet anything of our skin has a tremendous influence, good or evil, on the general bodily health.

The skin, besides shielding the body from disease, does part of our breathing for us. In the skin's pores are thousands of very tiny holes or "pores," and through these the skin breathes out the poisonous waste that the body must get rid of. This waste takes the form of perspiration and other matter, and if it is not got rid of in this way, the work of purifying the body is very difficult and is easily upset. It is up to the pores getting clogged with neglect, or if the skin is allowed to fall into an exhausted or weak condition.

Many a little rough patch on the chest, limbs or neck, turns into a fiery eczema through being poorly cared; and many a simple cut or scratch from the head-bath or a noisy bath turns the torments of boils of blood that ruin the face and give a little attention right-off.

Keep always handy at home a box of Zam-Buk, one application of which will preserve the skin from such troubles. That chafing on the neck or face, that bit of irritating sore on the arm or leg, and that threatening of a dangerous finger—signals of danger threaten you every day. Sometimes they can go no further than a dressing of Zam-Buk on clean skin and is promptly applied.

There is a wonderful affinity between Zam-Buk and the skin. It is rich in natural juices of which this precious balm is made sink into the pores of the skin, attack and destroy any disease germs lodging in the blood, and then help to stimulate the skin's functions back again to their normal activity.

Eczema, ringworm, warts, running sores, scaly troubles, piles, and blood-poison are often aggravated by neglect or wrong treatment with cheap ointments; but no case is so severe or too chronic to be beyond Zam-Buk's beneficial aid. Many cases of warts cured by Zam-Buk; the same with piles, and leg ulcers of the worst type—even when complicated by the poison in your stocking dry—get better with one day. Zam-Buk drestings put on clean once a day. Zam-Buk drestings put on clean once a day. Zam-Buk drestings put on clean once a day.

The record of Zam-Buk is as unique as is the composition of Zam-Buk itself. So reliable is it, so ever-ready in an emergency, and so wide in its range of usefulness in Zam-Buk, that it pays to keep at least one and three half-penny or two-and-sixpence box always handy in the house.

NEW WORTLEY GASWORKS V. STOURTON UNITED.

These teams met at Redcliffe Farm on Saturday afternoon, in a Leeds League encounter. From the commencement the home team had the best of the exchanges and early on had lead lines in net scoring. After a good interval the visitors scored for the home team, and later Wrightworth by a fine dribble outwitted the opposition and scored the fourth goal, Stourton winning by 4 goals to nil.

STOURTON WESLEYAN V. LEEDS HAREHILLS.

The Leeds Hospital cup which proved an incentive to a fortnight ago, was re-played at the Harehills ground, Bell Hill, on Saturday afternoon. Bramham started for Harehills, who took up the attacking position, and Harehills took up the defensive position, and Harehills took up the defensive position, and Harehills took up the defensive position.

LEEDS UNITED V. CARLTON T.M. PERANCE.

Carlton journeyed to Kirkstall, on Saturday, with three or four notable absences, including Dixon, Sugden, Newbold and Milner, but despite this setback they accomplished a good performance.

HUNSLET RURAL DISTRICT COUNCIL.

A monthly meeting of the above Council was held at the office, 25, Street, Hunslet, yesterday afternoon. The members present were:—Messrs T. Thomas (chairman), P. S. Marden (vice-chairman), W. Verity, J. P. Allison, W. Cartwright, Geo. W. Smith, with the clerk (Mr. Plender), medical officer (Dr. Buck), surveyor (Mr. Nuttall), and inspectors (Messrs Whitehead and P. O. Higgins).

The Medical Officer reported that during the past four weeks there had been 17 births (11 in Outdon and Woodfield, 4 in Temple-ness and 2 in Middleton), and 12 deaths (6 in Outdon and Woodfield, 5 in Temple-ness and 1 in Middleton). There was not a single notification of infectious disease.

The Chairman reported he had seen Mr. Crossland who offered to supervise the Ball's Lane Sewage Works at Middleton for £5 per year.

It was agreed to allow Mr. Crossland to do the work.

The Clerk reported he had agreed on behalf of the Council to pay £10 to Messrs G. Armittage & Sons, Ltd., in respect of a concrete sewer, the firm to pay the cost of the work, which was stated to be nearly £20.

The Clerk's action was confirmed.

The reduction of assessments in Outdon and Woodfield was referred to by the Clerk, who stated that the reduction affected a period of three years. The Outdon and Woodfield Overseers had to repay £561 13s. 4d. to the Midland Railway Company which had been collected during the three years on the original assessment.

Mr. Armittage said he understood the assessment of Bentley's Yorkshire Breweries had been reduced from £2,200 to £1,600. If less business had been done and the equivalent profit was less he could understand it but he was not satisfied that that was so.

The Clerk said as a Council they had no power to do anything; they could only take the figures as settled by the Assessment Committee.

Mr. Armittage: We have power to call the attention of the Assessment Committee to the reduction.

The Chairman said he thought there was some good reason for the reduction.

Mr. Armittage: There is nothing clear to my mind.

The matter then dropped.

The question of lighting Fleet Lane was again considered.

Mr. Armittage said he and Mr. Allison had interviewed the Outdon and Woodfield Parish Council and he understood that the Parish Council were again to consider the matter, and report to the Hunslet Council.

Mr. Allison said the Parish Council had not got any idea as to the cost.

Nothing further was done on the matter.

Plans were passed for 10 houses and a shop in Aberford Road, Woodfield, for Messrs G. Armittage & Sons, Ltd.

The Treasurer reported a balance in hand of £957 2s. 4d.

The Surveyor reported that Mr. Farrer had agreed to reduce the height of the fence alongside Calverley Road, Leeds Road, Outdon, by pruning; but he refused to cut down the hedge as it was one of the beauty spots in the district. Application was made to the Motor Union to let his conspicuous danger posts.

The Clerk reported the County Council had refused to pay the actual cost of the use of the road roller on the County Road.

The Hunslet Council paid 25s per day for the roller and in addition there was the cost of coal and water. The County Council refused to pay over 25s per day.

On the motion of Mr. Allison, seconded by Mr. Cartwright, it was decided to ask the Local Government Board to decide the question.

Mr. Armittage said the Parish Council would award a new road at Woodfield from Aire-dale Road to Highfield Lane but if they could not get that they would be satisfied with a footpath.

He was quite right; if they got a footpath a footpath at present the path was a sludge hole in the winter. If they got a reasonable footpath between the two points it would satisfy them for the present.

It was a pity of the County Council was being used by the public, which was stopped once a year.

The Surveyor said he had written the owners for permission to make a footpath. He had heard from one, who refused, but had no reply from the other two.

Mr. Armittage said people were using the path without let or hindrance.

The Chairman said they could not make a footpath if the owners would not agree.

Mr. Allison said the Parish Council were anxious for something to be done. They would have to be satisfied or they would come again before long.

On the motion of Mr. Cartwright it was decided that the Clerk write the owners asking for permission.

Mr. E. M. Haines, a workman who is at present receiving 26s per week made application for an increase of salary. It was decided to grant an increase of 1s per week.

GOLF

By a curious coincidence the finalists for the South Leeds challenge cup turned out to be a former captain of the club and the present captain. The two contestants—Mr. W. Gill (6) and Mr. P. Brown (7)—assembled on the club links at Rothwell Haigh on Saturday last, the contest being over 36 holes with 2 up, and eventually ran out a clever winner by 4 up and 2 play. Both players receive a gold medal.

OUTLON CLUB—First round of captain's prize competition. Dr. Smith (14) beat T. Swallow (20); 2 up; E. T. Tomlinson (10) beat J. W. Gill (20) and J. D. Sandford (16) beat J. Lister (20) and 4; R. H. Dooton (10) beat W. H. Tatham (14) up; R. E. Swallow (19) beat Mr. Badley (21) and 3; D. Denton (18) beat N. D. Long (6), 1 up.

THE ALLEGED DELAYED FUNERAL AT ROTHWELL

To the Editor of the Rothwell Times.

In the issue of a contemporary on Saturday last, Counselor William Lunn at a meeting of the Rothwell Urban District Council, held on the previous Monday, was reported as having made the following statement:—

"He had been informed that a funeral had been waiting at the Rothwell Church gates that day for an hour, and it was not the first, second nor third time such a thing had occurred."

I very much doubt the veracity of the statement and as one of the Churchwardens I am anxious to set the matter straight, with the result that I find the following are the FACTS of the case:—

The interment in question was arranged for 3-30 p.m. on the 24th, however, it did not take place until 8-15 p.m., and as it was raining at the time, the Sexton asked the Mourners to stop in their carriages until the Minister arrived, and as he did not arrive until 8-15 p.m. and as he had proceeded with the service, the interment actually took place before the specified time.

The interment in question was arranged for 3-30 p.m. on the 24th, however, it did not take place until 8-15 p.m., and as it was raining at the time, the Sexton asked the Mourners to stop in their carriages until the Minister arrived, and as he did not arrive until 8-15 p.m. and as he had proceeded with the service, the interment actually took place before the specified time.

So much for the first portion of Counselor Wm. Lunn's statement; as to the latter portion, I think I need not dwell on it, as all will properly agree that the same verdict will apply.

With these FACTS before him, Counselor Wm. Lunn has only one course to take; whether he takes that course or not, is for himself to decide.

I am, Sirs,

Yours faithfully,

WALTER WORMALL.

PASSING THOUGHTS IN KENNINGTON PARK.

Ye leaves that fall from trees around,
All pictures are on the ground,
Reminiscences of the past,
The end and all age of the past.
Still nature's beauty, not yet faded,
Shadows down on the autumn bed,
The season that will soon be over,
The season that will soon be over.
The season that will soon be over,
The season that will soon be over.
The season that will soon be over,
The season that will soon be over.

ROTHWELL PRIMITIVE P.S.A.

The opening meeting of the Winter P.S.A. season was held last Sunday afternoon, when Mr. J. Munster, of Bowers Alliance, gave an eloquent address. The meeting was held at the Rothwell Working Men's Club. The Rothwell Working Men's Club Glee Society under the conduct of Mr. W. Lambert contributed in the style of the season. The new J. P. Mossop presided over a good attendance.

CARLTON TEMPERANCE BAND.

The annual meeting of the above band was held last week-end, Mr. Richard Ellis (president) presiding. The secretary (Mr. Walker Spinks) reported that the year had not been a very successful one, and that owing to certain circumstances the band had not been able to secure as many concerts as usual. Out of the three concerts (two of which the band played) the one on the 10th inst. was the only one that was successful. The first concert was given on the 10th inst. and was a very successful one. The band was very well received and the music was very good. The band was very well received and the music was very good.

The re-arrangement of two or three instruments was discussed, with the result that a full band was permanently established for next year's contesting campaign.

The election of officers resulted as follows:—President, Mr. R. Ellis; secretary, Mr. Walker Spinks; treasurer, Mr. O. Keighley; collector, Mr. J. H. Simmons; auditors, Messrs Joseph Spinks, J. W. Spaight, J. Walker; conductor, Mr. Alf. Newton; professional conductor, Mr. W. Hesp.

A LAUNDRESS'S 'SIMPLE' INJURY.

20 YEARS' TORTURE FROM POISONED LEGS.

ZAM-BUK CURES A BELIEVER'S CATTLE.

A simple injury, aggravated by the foolish use of a "cheap" ointment, so crippled Mrs. C. Brown that she had to give up a profitable laundry business.

"While hanging out clothes twenty years ago, Mrs. Brown, who lives at 17, Exeter Terrace, Salisbury, told a reporter 'I slipped from a stool and knocked my leg against the edge of a metal bucket. The skin was torn away, leaving a deep wound which wouldn't heal. Later the whole limb became inflamed and swollen, and a discharge ran from the wound. I very foolishly tried to cure it myself, but it got worse and worse. I had to go to a doctor, but he said it was a simple injury, and I should be able to get on my feet again. But it didn't work. I was in bed for weeks, and my leg was so swollen that I couldn't move it. I was in bed for weeks, and my leg was so swollen that I couldn't move it. ROTHWELL WHITE ROSE RESERVES.

The clever Rothwell White Rose Reserves entertained their local neighbors, Outdonwell Green in the Leeds and District Junior League on Saturday and maintained their unbeaten record. Both sides showed good form and the match was a very good one. The home team were defeated by 2 goals to 1. The home team were defeated by 2 goals to 1.

ALTOFTS UNITED V. ROTHWELL WHITE ROSE.

Altofts United, who have not lost a single point in the Leeds and District Junior League, welcomed Rothwell White Rose on Saturday, and as expected the game was very evenly contested. Although the visitors were without their brilliant centre-half, Johnson, who was indisposed, they played a capital game but the old fault was again to the fore-front, both sides showing their chief drawback. They had plenty of chances but failed to finish well. Altofts scored on one occasion and won 4 goals to 1. Altofts scored on one occasion and won 4 goals to 1.

ALTOFTS UNITED V. ROTHWELL WHITE ROSE.

In the Divorce Division on Monday, Mr. Justice Barnes granted Elizabeth Harris of the Wharfedale, Leeds, a decree nisi of divorce from her husband, James E. Harris, who formerly kept the Railway Hotel, Leeds, near E. Cromack. At the time of the marriage in 1907, the petitioner was a widow and the respondent a widower. It was stated that Mr. Harris was now living in a girl named the Kite, who had formerly been in his employment.

ROTHWELL PARISH CHURCH v. CARLTON TEMPERANCE.

Rothwell Parish Church were a little surprised last Saturday for Carlton gave them an unexpected shock. The visitors' performance in drawing on the Parsonage enclosure with three or four notable absentees including Hughes, Clapham, and the brothers Seranton must be regarded as a very good one. The first half was very evenly contested, but fairly shooting was conspicuous. Barry had many chances but did not show his form and several judicious passes were not utilized. Walker was prominent for the visitors and compelled Bradley to clear, but shortly afterwards Stringer opened the scoring for Parish with a cross shot. Hirst and Barry shot wretchedly when well placed, and three or four of the Carlton forwards had a glorious opportunity when in the goal-mouth, but they shot wide. At this stage Temperance were attacking strongly and after Bradley had partly cleared with Bell, Walker essayed a shot which rattled the cross bar with the custodian out of his charge. The efforts of the visitors were at last rewarded. Bell completely beating Bradley with a capital shot, which was brilliantly met by the latter stages Parish should have been awarded a penalty for deliberate hands on the part of one of the Carlton defenders. Try as they would neither side could score and time arrived with the score one each. Opportunities to score were lost by both sides and this was the principal fault of the contest. Carlton exploited the passing game much better than Parish, and they proved that they are quite a different team to last season. They have improved wonderfully, and recent displays have given them great confidence for their important fixtures. When the curtain is rung down, Carlton will no doubt hold a prominent position in the Leeds and District Senior League. A ROTHWELL FUNERAL.
To the Editors of the Rothwell Times,
Dear Sirs,

I am criticised in your last issue by a
gentleman, regarding a statement I made at the
last meeting of our District Council.

This man after "proving" his case, points
to me the "only" way out. Such ridiculous
ignorance I had to regard with criticism
for making statements upon information
without finding out whether they were true
or not, he had a case. But the "only" way
out, I say, was to say I was very careful to
explain my information and who was my
informant at the Council meeting. But here
are the "real facts"—The Sanitary Com-
missioners submitted a minute relating to a new
Cemetery which the Council propose to
acquire in Rothwell. It was upon this resolution
that I stated "a funeral had been held at the
Church nearly an hour that day and that
the minister was there to read the service."
I followed this up by saying "I have
been waiting forty minutes at 3.30." I never
troubled any more about the matter until I
saw his letter.

Now, I am glad to say that the funeral
arrived at the Church at 4.50 p.m.; that the
minister waited and waited in the carriage
until he was driven up towards the "White
Swan" out of the way of the funeral train,
and that no minister had been heard of at 3.35.
It was raining and very cold, as I stated to the
Council. At the same time, and everyone knows
that to be at a funeral in the best place, one
would choose to go on a fine day, never mind
being kept waiting in the rain and cold for
forty minutes. I am glad to say, after the
cortege arrived at the Church.

I know many number of eye-witnesses who
will corroborate Mr. Wormald's "10 minutes"
and who were disgusted with those responsible
for it.

Now Mr. Wormald goes on to say "I
need not dwell upon the statement that this
was not the first time it had occurred as all
would agree that the same verdict would
apply."

Well Sir, I have before me as I write, a
letter received some time ago, from Mr. Alfred
Lowe, of Alfreton, Nottingham, after the
interment of his father. I will give Mr.
Lowe's own words.

"The funeral arrived at the time arranged
4 p.m. but there was no church minister to
conduct until one was who happened to be
present. Instead of 4 p.m. it was from
when the last rites were performed, the
time being spent waiting outside the Lynch
Gate. The Vicar last gone away with only
one in his place; having arrived home he
went to the Bishop of Ripon, reporting his
own absence. In a few days after I received a
reply from the Bishop of Ripon, who said
(the former being away on health account)
saying he would report it to the Bishop of
Ripon on his return. But I heard nothing
more about it. I think callousness and
carelessness to those who have to live and
practise a holy life."

Now, Sir, what is the verdict to be after
that? At all were agreed as Mr. Wormald
says he thought they would, as to what the
verdict should be, there is no sure all will
agree with this incontrovertible evidence. It
was through a misdirection of the jury that
the verdict was obtained. I should advise Mr.
Wormald to give his instructions from a
practical point of view, and not to write to
the Press. He is too young in these
matters to take the responsibility upon his
own shoulders.

Yours sincerely,
WM. LUNN.

Rothwell.

**HUNSLY BOARD OF
GUARDIANS.**

A fortnightly meeting of the above Board
was held on Wednesday afternoon, at the
office, Hunslay, there being in attendance Mr. J.
Conyers (chairman) presiding, Mr. J.
Butterick (vice-chairman), Mr. Killingbeck,
Mr. M. J. Dillon, Messrs. Park, Appleby, and
Stead, Fountain, Chappell, Cartwright, Garvin,
Bannister, Edmondson, Marsden, Thomas, with
the clerk (Mr. Mee) and assistant clerk (Mr.
Wright).

At a meeting of the Workhouse Visiting
Committee it was agreed that the Master be
instructed to have the necessary pointing
done to prevent the damp in certain walls of
the Female Able Bodied Block.

Mr. H. Seal, of Hunslay, 214, was accepted
for the painting work required to be done at
the Laundry Block and Vagrant Wards. It
was agreed that the corporation trees be planted
at the next meeting.

The minutes were approved.

A meeting of the City Extension Com-
mittee had been held, at which the Clerk read
a letter from the Leeds Town Clerk, which
pointed out that the Leeds City proposals
were not in accordance with the Leeds City
Act. The Clerk was appointed a special Committee
to take such action as they think advisable to
secure the interests of the Union both
now and in the future.

The minutes were approved.

At a meeting of the Children's Homes
Committee a letter was received from Mr. J.
Hobson, Rothwell, agreeing to repair cloth-
ing at the rate of 3d per garment and to comply
with the requirements of the Trades
Board Act. The Clerk reported that the
Guardians of the township of South Man-
chester are advertising for boys willing to
negotiate for the interchange of adopted
children. Resolved that the Superintendent
be asked to report any cases here suitable for

exchange at the next meeting. The Clerk
submitted two quotations for coarser harden
required. It was proposed that the tender of
Messrs James Batty and Sons at 11d per yard
be accepted. An amendment was proposed
that Mr. Joseph Longley and 9d for the same
and amount in the motion. Four voted in
favour of the amendment and three against.
The amendment was therefore declared carried
and on being put as the substantive motion
was carried unanimously. The Clerk sub-
mitted four quotations for cloth for girls' or
jackets. It was resolved unanimously that the
quotation of Messrs J. J. Stephenson and Co.
for cloth equal to samples marked V. 4 at
2 1/2 p.p. per yard be accepted. A letter was
received from Messrs J. and J. Charlesworth
Ltd., in reply to one from the Guardians
complaining of the quality of the second
house coal, stating that the coal is of the same
quality as supplied hitherto under contract
without complaint. Resolved that the Clerk
be instructed to write Messrs Charlesworth
that the Guardians are pleased to note an
improvement during the last fortnight.
The Master reported the relief of 108
vagrants aged 122 for the same period.
Year ago; also a single lantern entertainment
at the Workhouse, the gifts of magazines and a
case of typists.

It was raining and very cold, as I stated to the
Council. At the same time, and everyone knows
that to be at a funeral in the best place, one
would choose to go on a fine day, never mind
being kept waiting in the rain and cold for
forty minutes. I am glad to say, after the
cortege arrived at the Church.

I know many number of eye-witnesses who
will corroborate Mr. Wormald's "10 minutes"
and who were disgusted with those responsible
for it.

Now Mr. Wormald goes on to say "I
need not dwell upon the statement that this
was not the first time it had occurred as all
would agree that the same verdict would
apply."

Well Sir, I have before me as I write, a
letter received some time ago, from Mr. Alfred
Lowe, of Alfreton, Nottingham, after the
interment of his father. I will give Mr.
Lowe's own words.

"The funeral arrived at the time arranged
4 p.m. but there was no church minister to
conduct until one was who happened to be
present. Instead of 4 p.m. it was from
when the last rites were performed, the
time being spent waiting outside the Lynch
Gate. The Vicar last gone away with only
one in his place; having arrived home he
went to the Bishop of Ripon, reporting his
own absence. In a few days after I received a
reply from the Bishop of Ripon, who said
(the former being away on health account)
saying he would report it to the Bishop of
Ripon on his return. But I heard nothing
more about it. I think callousness and
carelessness to those who have to live and
practise a holy life."

Now, Sir, what is the verdict to be after
that? At all were agreed as Mr. Wormald
says he thought they would, as to what the
verdict should be, there is no sure all will
agree with this incontrovertible evidence. It
was through a misdirection of the jury that
the verdict was obtained. I should advise Mr.
Wormald to give his instructions from a
practical point of view, and not to write to
the Press. He is too young in these
matters to take the responsibility upon his
own shoulders.

Yours sincerely,
WM. LUNN.

**HUNSLY BOARD OF
GUARDIANS.**

A fortnightly meeting of the above Board
was held on Wednesday afternoon, at the
office, Hunslay, there being in attendance Mr. J.
Conyers (chairman) presiding, Mr. J.
Butterick (vice-chairman), Mr. Killingbeck,
Mr. M. J. Dillon, Messrs. Park, Appleby, and
Stead, Fountain, Chappell, Cartwright, Garvin,
Bannister, Edmondson, Marsden, Thomas, with
the clerk (Mr. Mee) and assistant clerk (Mr.
Wright).

At a meeting of the Workhouse Visiting
Committee it was agreed that the Master be
instructed to have the necessary pointing
done to prevent the damp in certain walls of
the Female Able Bodied Block.

Mr. H. Seal, of Hunslay, 214, was accepted
for the painting work required to be done at
the Laundry Block and Vagrant Wards. It
was agreed that the corporation trees be planted
at the next meeting.

The minutes were approved.

A meeting of the City Extension Com-
mittee had been held, at which the Clerk read
a letter from the Leeds Town Clerk, which
pointed out that the Leeds City proposals
were not in accordance with the Leeds City
Act. The Clerk was appointed a special Committee
to take such action as they think advisable to
secure the interests of the Union both
now and in the future.

The minutes were approved.

At a meeting of the Children's Homes
Committee a letter was received from Mr. J.
Hobson, Rothwell, agreeing to repair cloth-
ing at the rate of 3d per garment and to comply
with the requirements of the Trades
Board Act. The Clerk reported that the
Guardians of the township of South Man-
chester are advertising for boys willing to
negotiate for the interchange of adopted
children. Resolved that the Superintendent
be asked to report any cases here suitable for

exchange at the next meeting. The Clerk
submitted two quotations for coarser harden
required. It was proposed that the tender of
Messrs James Batty and Sons at 11d per yard
be accepted. An amendment was proposed
that Mr. Joseph Longley and 9d for the same
and amount in the motion. Four voted in
favour of the amendment and three against.
The amendment was therefore declared carried
and on being put as the substantive motion
was carried unanimously. The Clerk sub-
mitted four quotations for cloth for girls' or
jackets. It was resolved unanimously that the
quotation of Messrs J. J. Stephenson and Co.
for cloth equal to samples marked V. 4 at
2 1/2 p.p. per yard be accepted. A letter was
received from Messrs J. and J. Charlesworth
Ltd., in reply to one from the Guardians
complaining of the quality of the second
house coal, stating that the coal is of the same
quality as supplied hitherto under contract
without complaint. Resolved that the Clerk
be instructed to write Messrs Charlesworth
that the Guardians are pleased to note an
improvement during the last fortnight.
The Master reported the relief of 108
vagrants aged 122 for the same period.
Year ago; also a single lantern entertainment
at the Workhouse, the gifts of magazines and a
case of typists.

A ROTHWELL FUNERAL.
To the Editors of the Rothwell Times,
Dear Sirs,

I am criticised in your last issue by a
gentleman, regarding a statement I made at the
last meeting of our District Council.

This man after "proving" his case, points
to me the "only" way out. Such ridiculous
ignorance I had to regard with criticism
for making statements upon information
without finding out whether they were true
or not, he had a case. But the "only" way
out, I say, was to say I was very careful to
explain my information and who was my
informant at the Council meeting. But here
are the "real facts"—The Sanitary Com-
missioners submitted a minute relating to a new
Cemetery which the Council propose to
acquire in Rothwell. It was upon this resolution
that I stated "a funeral had been held at the
Church nearly an hour that day and that
the minister was there to read the service."
I followed this up by saying "I have
been waiting forty minutes at 3.30." I never
troubled any more about the matter until I
saw his letter.

Now, I am glad to say that the funeral
arrived at the Church at 4.50 p.m.; that the
minister waited and waited in the carriage
until he was driven up towards the "White
Swan" out of the way of the funeral train,
and that no minister had been heard of at 3.35.
It was raining and very cold, as I stated to the
Council. At the same time, and everyone knows

would choose to go on a fine day, never mind
being kept waiting in the rain and cold for

CHOIR PRESENTATION.

In accordance with their custom the members of the Rothwell Wesleyan Choir met in the school room on Wednesday evening in order to celebrate the marriage of one of their choir members, and present a token of their esteem and good wishes.

Mr. Kile occupied the chair, and conducted the proceedings in a genial manner. After songs had been well rendered by Miss Kate Ellis and Mr. N. Varley and a violin solo tastefully played by Miss Barthelem, those who were present, Mr. Kile in a humorous speech expressed his pleasure in being present. Referring to the bride, he spoke highly of her abilities as a member of the choir, and of her winning personality, and in presenting a beautifully bound Methodist Tune Book, suitably inscribed, hoped that Mr. and Mrs. Hobson would have a very happy and prosperous married life. Mrs. Hobson suitably responded, thanking the choir for the useful and handsome present they had given her. Short speeches, suitable for the occasion were also made by Messrs. Marshall, Barthelem and Hobson.

A resolution of congratulation was heartily carried on the occasion of Mr. Walter Ellis' recent marriage, with warmest thanks. Refreshments were afterwards handed, and the rest of the evening passed very pleasantly in games and social intercourse. Thanks were passed to those who had carried out the arrangements and to Mrs. Barthelem for accompanying on the piano.

ROTHWELL WESLEYAN FOREIGN MISSION.

On Sunday last the anniversary services in connection with the above were conducted, Mr. W. Stephenson occupying the pulpit in the morning, and the Rev. W. O. Neville, of Mirfield, in the evening. At the latter service the choir rendered, unaccompanied, the hymn "Lead Kindly Light" (*Lux in Tenebris*). Mr. T. Barthelem conducting and Mr. L. C. Ward accompanying. A very able sermon was preached on the high priesthood of Christ.

In the afternoon a young people's missionary service was conducted in the school, those taking part being Mr. Butterick, chairman, Mr. S. Armistead, superintendent, and the Rev. W. O. Neville, who spoke in an interesting manner on foreign mission work in Africa, China and India, and of the mission work, both black and white, as the big training college at Richmond, Surrey.

On Tuesday afternoon a service was held in the chapel. The celebrated speaker, the Rev. W. W. Lewis, of Leeds, was unable to take his appointment owing to illness, and the Rev. W. G. Davis, of Oxford Place, Leeds, delivered a very fine sermon. A public tea was afterwards provided, and in the evening Mr. J. R. Benson, J.P., presided at the annual missionary meeting. Appropriate addresses were given by the Rev. W. G. Davis, Rev. E. Layard, and Rev. Middleton Phillips. Collections were taken at each service on behalf of foreign missions.

ROBIN HOOD UNITED METHODIST P. S. A.

At the P.S.A. on Sunday last, there was a good attendance presided over by Mr. J. Naylor. An inspiring address was given by Mr. Lewis G. Tempest, of Leeds, on "Where duty calls or danger be not waiting there." Miss Nellie Bigger, of Leeds, proved a capable soloist, singing "Lead thou me on" and "The City of Dreadful Night." Mr. S. Barley played the accompaniment.

ROTHWELL PRIMITIVE P.S.A.

There was a capital attendance at the above P.S.A. gathering on Sunday afternoon last, when Mr. B. Collinson, of Leeds, gave a capital address on "The Bible." Mr. R. Firth, of Rothwell, sang in excellent style, and those who were present, Mr. J. C. Harrison accompanying. Mr. Walter Thurlwell presided.

ROTHWELL TEMPERANCE SOCIETY

On Sunday evening last at the above Temperance Hall, Mr. W. W. Cromack, of Leeds, gave a capital lecture on "Temperance," which was highly appreciated by the audience. Mrs. Philip, of Leeds, rendered in prize-worth style "Charity and 'Oh, touch those chords again," Mr. Charles Siddons accompanying.

OUTLON CHURCH.

On Sunday afternoon there was a capital attendance at the Men's Meeting held at the above Church, there being 170 persons present. The speaker was the Lord Bishop of Newcastle, who gave a most interesting and impressive address on "Be true to God and show thyself a man," his text being from the 1st book of Kings, 2nd chapter, and part of the 2nd verse.

ROTHWELL MAN'S FATAL FALL.

An inquest was held at the Leeds Town Hall on Monday afternoon on the body of James Westmoreland, of 5, Holmes Street, Rothwell. The evidence showed that the deceased, who was 69 years of age, got up on Thursday week about three o'clock to go to work. He was accustomed to rising at that time although he had not to be at work until nine o'clock. Hearing a noise, his daughter who was in bed told her husband, who went downstairs to see what was the matter. He found the old man lying on the floor at the bottom of the stairs. He was lying in a very awkward position, being jammed between the bottom of the steps and the door. After being attended by a Vestiment, he was taken to the Leeds Infirmary, where he died on Saturday. The cause of death was concussion of the brain, fracture of the skull and shock. A verdict of "Accidental death" was returned.

ROTHWELL PARISH CHURCH v. SILVER ROTH HILL.

The conquerors of Rothwell White Rose in the second round of the Leeds Hospital Cup, visited Rothwell on Saturday last, to play the Parish brigade in the third round of the same competition. There was no other local attraction and therefore three weeks in succession Parish have been fortunate in having a good crowd, their gate receipts for the first being very satisfactory. Silver Roth Hill came with good credentials and it was generally admitted that if the Chichesters were to qualify for the next round, they would have to be to their match, to overcome such a sturdy set of opponents. Berry was a notable absentee and the Committee's action in leaving him out was quite justified, his recent performance being very poor. Parish, a very promising youth, took his place and gave a very good account of himself. The visitors' team lined up as follows—goal, Appleby; backs, Jackson, Drake; half-backs, Blake, Dunsford, Miller; forwards, Murgare, Lee, Fall, Milnes, Wigglesworth.

From the commencement the visitors, who were playing towards the Town goal quickly assumed the aggressive and their opening tactics convinced the spectators that they were a capital team. Hill broke away, but instead of trying to trick his man, he kicked late touch. The visitors, at this stage were playing remarkably well and compelled the Parkers to be on a good defensive. Bradley, having been sent to the dressing room, Parish transferred play to the other end, where Appleby was lucky to save; directly afterwards he had a difficult shot to deal with from Ringer. In saving, he conceded a corner that was quickly taken, and at the opposite end, Fall sent in a stinging shot which Bradley dropped, but recovered again and averted disaster under difficulties. Silver Roth Hill continued to display good form, but there were several occasions when a score seemed imminent but the cleverness of Bradley prevented them netting. Near the close of the first half Rothwell improved by a very clever defence, admirable, Jackson, in particular, being a tower of strength, his kicking being clean, and tackling splendid. In the interval some change of methods in the second half gave Parish a better chance, their rushing tactics, upsetting the visitors' line of attack. Silver Roth Hill did not count on this, and in the first portion of the second half they were not in the best of the play. They were not in the best of the play, Bedford securing possession and controlling the right centre. Parish tried to best Appleby with the fast ground shot. Parish put vigour into their play and from the centre-kick Rothwell forced a corner, Symian kicking well. In the second half, Parish continued their efforts in front of goal, but they were poor in the extreme, lack of finish spoiling many well-worked efforts. After Appleby had brought off another fine and well-aimed shot, Parish very cleverly, and netted, but the point was disallowed. Towards the close, Silver Roth Hill made strenuous efforts to draw the game, but they were not in the best of the play, and the Parkers won by 1 goal to nil. The principal features of the contest were the general play of the visitors in the first moiety, who were by far the superior team, their exhibition being greatly admired, and the fine work of both centre-halves. After the interval, when Rothwell's style was adopted and scientific methods were rarely noticeable. Bedford and Symian were creditable wing men but the others, forwards did too much rambling and the G. Parkers' centre half, Appleby, accomplished a good afternoon's work and Bulmer again proved a stalwart defender and had a sound partner in Boyes. Bradley maintained his great reputation in quick passing, and his right full back played in brilliant fashion; his performance won for him general admiration everything he did being clean and accurate.

LANE END UNITED v. ROTHWELL

The Rothwell Rugby club was confronted with a big task on Saturday, when they opposed Lane End United at York Road, in the Leeds and District League. The home team are a very strong combination, and Rothwell were not expected to defeat such experienced rivals. Rothwell were defeated but not disgraced; to play the United to 4 points must be considered a meritorious performance. In the first half, Dohson scored a try for Rothwell, but Bulmer failed to convert. Lane End took up a strong attacking position, and Brooks was awarded a try, Parker kicking the goal. Just before the half, Rothwell scored another goal from free kick. The home team were leading by 7 points to 4 at half-time. In the second half neither side was able to score, the Lane End winning the last few minutes of the game, and thus securing their usual form, and perhaps were too confident. Rothwell's defence was the chief cause of such a low score and in this department they excel every week. What a pity their attacking movements have not the same sting in them as their defence. On the whole, Rothwell played a good game, and if their backs were given to their opponents, and showed more judgment in their passing they would prove a formidable team.

ROTHWELL WHITE ROSE RES. v. HUNTSLEY BETHEL.

The undefeated Rothwell White Rose reserves were opposed by a strong team from the Huntsley Bethel, who had been defeated in the Leeds and District League. The contest, as expected, was very even, and there was plenty of excitement, both goals being scored. The White Rose, however, were on the whole, the better team, and won by 4 goals to 3.

MORLEY v. STOURTON UNITED.

These teams met for the first time this season before a large attendance of spectators on the Stockwell Lane ground. Kiler was still unable to take his place at right-half for Morley, owing to injuries received in the Mirfield match, and his place was again filled by Cockshaw, who made a successful appearance the previous week. The official referee failed to put in an appearance and J. Hancock took charge of the game. Morley started and took play to the visitors' goal. Moore scoring with a stinging shot from Foster, and just after Clark shot over for Morley. Mitchell got going for the visitors, and he delivered an instructive address. Play was even for a time, then Morley was called upon to defend, saving two brilliant shots from Boyce and Clark. Just before the interval Clark scored with a long shot. After half-time Morley was again in evidence with a save from Naylor. At the other end Thomas had only the goal-keeper to beat, but Green sent his shot. Play was much faster, and both backs had plenty of work. A penalty was awarded for hands, from which Clarke scored. Morley thus ran out winners by 3 goals to nil.

STOURTON UNITED v. LEEDS ST. PATRICK'S.

The above teams tried conclusions at the Hospital Field, Stourton, on Saturday last, in the Leeds Senior League. Whitaker kicked off for St. Patrick's, who were styled, but by the powerful kicking Irish drove them back. The Stourton vanguard by good combination then caused the visitors to defend, and Danby effected a brilliant save. Geldard was to the fore with clever footwork on the Parkers' right wing, and it required the best efforts of Hawdell to prevent the Stourton goal from falling. The Stourton forwards, notably Whitaker and Newton, had good chances to score, but their shooting was very poor, and Danby easily kept them out. When half-time arrived the teams were still on level terms, no score being registered. In the second half the home team were much in evidence and succeeded in penetrating the opposing defence, running out winners by 1 goal to nil.

RO-BWELL ANGLING SOCIETY.

The above Society held a fishing match at Ulsesley when the prizes which were not won at the annual fishing match were competed for. The river was running fast and the conditions were unfavourable for good sport, only 1 catch being made. A smoking concert was held at the British Club on Saturday evening, Mr. J. Harrison presiding; the following received their prizes for the annual match—1, Mr. G. Field; 2, Mr. W. Dacre; 3, Mr. I. Fox; 4, Mr. T. Firth, of Swillington; 5, Mr. W. Field; 6, Mr. T. Thorpe. Mr. W. Cromack secured the award for the heaviest quantity caught during the season, and the prizes for the best specimens of eel and dace; Mr. W. Firth won the prize for the best day's catch; Mr. F. Ferret for the heaviest fish caught during the season. Prizes were also awarded to the following for best specimens—Mr. G. Field, eel; Mr. H. Hamill, roach; and Mr. S. Ward, perch. The evening passed off very successfully; members of the company contributed several musical items.

TEA AND CONCERT AT STOURTON.

A very successful tea and concert in connection with the Stourton Primitive Methodist Sunday School was held on Saturday last. Nearly one hundred people attended the tea, which was in charge of the teachers and elder members. The evening entertainment was given by the teachers and friends. Songs were rendered by Miss Mitchell and Mr. Wilkinson, and Miss Hicks and Miss Westman contributed to the vocal solos. A dramatic sketch "Uncle John from Yorkshire" was given by Miss M. Cooling, Miss M. Westman, Mr. H. Collinson, Mr. E. Norton and Mr. A. Collinson, and it caused much merriment. The accompaniments were played by Mrs. Wheeler, and Mr. J. Waterson. Mr. F. Crossley presided.

STOURTON PRIMITIVE P.S.A.

Mr. Woodhead, of Hunstley, was the speaker at the above service on Sunday afternoon last, and he delivered an instructive address. Mr. T. Lambert presided and Miss A. Bosomworth was the organist. There was a good attendance.

STOURTON WESLEYAN P.S.A.

The Stourton Wesleyan Choir gave a capital performance at the Stourton Primitive Methodist Sunday School on Saturday last, entitled "Gilt-shedding." Mr. A. S. Barras was the conductor and J. Waterson the organist. Mr. Sizer presided over a large attendance. The proceeds were in aid of the bazaar fund.

THE HEIGHT OF CLOUDS.

Some interesting measures of the height of clouds were recently made at Vienna by an ingenious method. Advantage was taken of the extremely brilliant light furnished for the great illuminated fountain erected not long ago in that city. By means of a projector, it was found that a beam of light could be sent up to the clouds, producing there a brilliant spot capable of being observed simultaneously from points on the ground at three different spots. By such observations the height of certain clouds of the cirrus variety was found to be nearly 30,000 ft.

ELECTRICITY VERSUS SMOKE.

A Parliamentary Committee has collected some interesting and important facts concerning the saving of coal and the suppression of smoke in London which could be effected by the generation of all the electric power needed in the metropolis in a few large stations, with very tall chimneys. At C. H. H. are estimated that about 6,000,000 tons of coal per year could thus be saved, together with an immense reduction of the quantity of smoke poured into the city and air. It is also estimated that from these stations current power could be supplied for cooking and other domestic purposes, thus eliminating another great source of smoke-pollution.

GLACIATION DECREASING.

According to recent observations in Antarctica, glaciation, although still more severe than in the Arctic, seems to be decreasing. Thus when traversing the great glacier from a base to the top of the mountain, South Pole, Shackleton writes: "I am sure that the bulk of the glacier is growing less, and the ice is melting away from the edges, though at a much slower pace than at some of the other glaciers." The great glaciers of Northern and Southern hemispheres were synchronous.

THE SNOW BLANKET.

All northern farmers know the value of a good covering of snow upon the ground in winter, but until recently nobody appears to have measured the heat-storing properties of snow. The fact is, however, that snow is a very good insulator, and it is often buried beneath when the January frosts are gripping the air. Monsieur Helmholtz says that the heat-storing capacity of the snow is such that it is equivalent to the heat-storing capacity of the air. The snow blanket is a very good insulator, and it is often buried beneath when the January frosts are gripping the air.

ROTHWELL DISTRICT COUNCIL.

The monthly meeting of the above Council was held on Monday evening last, at the offices, Rothwell, there being in attendance Mr. S. R. Chadwick (chairman), J. W. Vollans (vice-chairman), John Hirst, Wm. Abrahams, T. P. Wade, William Lunn, Messrs. Armitage, J. H. Hindle, T. Ellis, George W. Blakey, Burtis Dobson, James Horner, John Dobson, J. H. Gordon, George Armitage, with the Clerk (Mr. W. Dodgson), medical officer, Mr. H. Stenerson, surveyor (Mr. Southworth), and sanitary inspector (Mr. Moorhouse).

At a meeting of the Highways Committee held Dec. 5th, there were present Messrs. Abrahams (chairman), Chadwick, George Armitage, Lunn, and Wade. A letter was received from the Tramway Company offering to carry out the paving in Commercial Street, as soon as the work at Horbury was completed.

The Clerk was instructed to write them in regard to the piece of road between Middleton Lane and Sharp Lane. The Committee considered the cleaning of the roads and suggested that hand scrapers should be sent as far as possible and preference given to cleaning with the road brush.

The Surveyor was instructed to get prices for a tar and gravel machine. The Committee considered the further flagging in Castle Gate and the Surveyor was instructed to make enquiries as to some flags.

A notice was received from the Electrical Distribution of Yorkshire Ltd., giving particulars of the roads and streets over which they sought compulsory powers.

Mr. Abrahams proposed and Mr. Vollans seconded the confirmation of the minutes. Mr. J. Armitage moved that the roads were not very useful in cleaning the roads, as a piano-man would do the same amount of work in one hour practically as a scraper would do in three. He recommended that more piano-men be purchased so as to supply the whole of the district.

Mr. S. Dobson suggested that more flagging be done at Castle Gate. Mr. Abrahams said if they had to do all the portion of bad footpaths at Ouswell Green at the proper time; they were at present doing no work; they could not do all places at once; this district would have to wait its proper time. They intended to use the horse brush now instead of scraping all the material off the roads.

Mr. Hirst asked if they had got the provision of the Electrical Distribution Company. He would also like to draw the attention of the Highways Committee to the state of the roads at the terminus, and also of the causeway adjoining.

The Chairman: You want it sweeping more frequently, Mr. Hirst. Mr. Abrahams said he understood it was principally the footpath Mr. Hirst meant. He agreed it wanted repaving, but there were other things that were much worse, and were requiring attention if the people did not care to cross the road at the terminus they could walk on the footpath and get on the cars at the next stopping place where the line was laid.

Mr. Hirst: This is not a stopping place but a junction. Mr. Lunn said Mr. Hirst's complaint was a justifiable one, as this piece of road was the only portion which had not been repaired between the line and the tar spraying at the end of Oulton Lane, and should be attended to at once. As regards the Electrical Distribution Co. he was of opinion that they did not intend to carry out the whole of the scheme or offer similar facilities as had been granted to other Councils.

Mr. G. Armitage said the Council had spent £1,300 on Commercial Street. Mr. Armitage contending said they could include Marsh Street, it was immaterial. This portion of road at the terminus to which Mr. Hirst had referred was only a matter of two or three yards. The same complaint applied to all the stopping places in the Council's area, many of which were worse than the particular place alluded to.

Mr. James Armitage said this portion of road ought to be swept as well as Commercial Street; he noticed the latter had been swept as many as five times a week in place of once, previously.

Mr. Wade said he would like to know if the Electrical Distribution Company were going to supply power to Stourton; if not should they allow Leeds to come into their district with the power.

The Clerk read the provisional order which had been supplied describing the various portions of the Council's area, while the Company intended to supply. He asked the Manager of the Company if they were prepared to allow Leeds to enter the Council's district, but was not met with a definite reply. The Council had to the 15th of January allowed to object to the Order. He did not find any specified errors in Stourton.

Mr. Lunn said he thought they ought to oppose this order if they could not get the Company to grant the same terms to other authorities. He thought they had given similar powers and they ought to have similar privileges.

Mr. Hirst said he would like to know if the order had been published and if the Council would commit themselves by passing any resolution.

Mr. G. Armitage asked what amount it would cost to oppose the Order. Unless they had some material ground for objection they would have very little power in opposing. The same provision would apply as to that in the interval the Surveyor would supply the Council. The Electrical Co. would supply them with the power if they had a chance of securing a revenue.

On the motion of the Chairman seconded by Mr. Hirst it was decided to hold a meeting in January to further consider the matter. The minutes were adopted as read.

At a meeting of the Finance Committee held Dec. 5th, there were in attendance Messrs. Wade (chairman), Abrahams, G. Armitage, Chadwick and Lunn. Resolved, that a cheque be drawn for Mr. Meo, on Friday, the 5th, and that Mr. G. Armitage with the Clerk and Assistant Overseer attend to consider the refund of Council rates and that a satisfactory arrangement can be made, that they ask for an interview with the County Authorities.

The list of the names, ages, wages and length of service of the Council's workmen be supplied to each member, for consideration before the next meeting and the rates for wages paid by them. Mr. Abrahams moved that the Clerk obtain from Stanley, Ardsley, Hunslet, Tulse, Garforth, Horsforth, Birstall, Cleckheaton, and any other similar districts the rates for wages paid by them. That the Town Planning Committee be asked on Monday to arrange their procedure.

The minutes were passed on the motion of Messrs. Wade and Abrahams. SANITATION. At a meeting of the Sanitary Committee held December 4th, there were present Messrs. Chadwick (chairman), Gordon, S. Dobson, Hirst and Vollans. Mr. T. Holroyd attended the Committee in reference to his land adjoining Middleton Lane and it was arranged that he should give the date and particulars of the earliest abstracted deed and the Solicitor was instructed to inspect the memorial at the Wakefield Registry on receipt of the particulars.

In view of an outbreak of mumps at Carlton it was left with the Medical Officer to see that the children of the Carlton school so as to shorten the period of the outbreak. Resolved, that the question of notifying the school of the patients in the hospital in the evening edition of the Yorkshire Post be brought before the Isolation Hospital Committee.

The Committee considered 101 cases of insufficient closet accommodation. Resolved, that the 18 owners who had not replied to the notice be written to finally and that the Committee deal with all the cases together. That the Inspector give notice to convert 8 closets in Rothwell into water closets.

That notice be served on the landlord of 14, Atkinson Street, Stourton, in respect of overcrowding and that if the notice is not complied with the Inspector report to the Council. That notice be served on the landlord of a house in Shaw Fold in respect of overcrowding and that if the notice is not complied with the Inspector report to the Council.

Complaint was made of the state of the back at Oulton. The Inspector reported that he had visited the Oulton Works and found the place flooded out owing to a break down at the time of the complaint.

The Inspector also reported that he had noticed oil on the bank during the last month. A letter was received from the Local Government Board stating that in the event of Dr. Hugh Stevenson or Dr. Buck being appointed Medical Officer by the Council at the salary named by the Board they should not ask for the office to be advertised.

Resolved, that Dr. Hugh Stevenson be appointed, as from next quarter day, as Medical Officer of Health to the Council at a salary of £70 per annum payable quarterly subject to the approval of the Local Government Board.

That the necessary forms for the compulsory notification of tuberculosis be printed and distributed. It was decided to call a special meeting on Wednesday, the 13th inst. to consider the Lemonford plans.

Resolved, that a public meeting be held early in the new year on the proposals for a burial ground. The Surveyor gave estimates for the draining of some cottages in Rye Green towards the Oulton drains and also to the main drain in Castle Gate.

He was instructed to inspect a sewage tank at Templemeads and report. A letter was read from Mr. Bromet in regard to the drainage at Lower Golems. That the complaint be now raised so that the sewer will be investigated.

The Inspector was instructed to examine the condition of the sewer and report to the Council. The Clerk reported that he had written to the Local Government Board to ascertain if they would approve of the appointment of a woman as Public Health Visitor so as to enable the Council to obtain repayment of a portion of her salary from the County Council.

The Inspector presented his monthly report which is as follows:—During the past month 15 nuisances have been abated. 706 loads of nightsoil have been removed from November 5th to December 1st 1911.

17 houses, 1 isolation ward and 1 school have been disinfected and the clothing of 65 school children who had been in contact with a child from an infected house has been disinfected. The whole of the cowsheds in the district from which milk is supplied to the public have been visited by the 31st cowsheds and myself.

38 cowsheds have been examined and 317 milk cows have been examined. The cowsheds and cows on the whole were found to be in good condition. Two milk cows were found to be in an unsatisfactory condition and the milk supply from them was stopped being supplied to the public.

The following articles of food have been taken for analysis, all of which were certified to be "Genuine" in quality: Sugar, Lard, Cocoa, Coffee, Pepper, Nutmegs and Vinegar.

The Chairman is proposing the minutes for approval and the Carlton School had been closed for mumps.

Mr. Lunn said he noticed that in the minutes there was a definite date fixed for the public meeting on the question of a burial ground. He complimented the Committee on what had been done in regard to the appointment of a Public Health Visitor. It was very desirable that such a visitor should be brought to a head as quickly as possible as the infant mortality in the district was above the average.

Mr. Armitage said the drainage at Rye Green ought to be settled at once as it was the only district in the Council's area which was not connected with the main sewer. Mr. Abrahams said he would like to ask the Medical Officer if he had any objection to the nightsoil being put on Mr. R. Hirst's land as far as he could ascertain the Matron at the hospital to see if it was possible.

Mr. Wade: Have the Isolation Hospital Committee any power to object. The Inspector said they had a by-law which did not allow nightsoil to be deposited within 100 yards of any house.

On Mr. J. Armitage asking for the answer be repeated Mr. Lunn jumped up and said "I am not a doctor." Some of you would jump off a cliff.

The Medical Officer said the Matron and Nurses had told him that the presence of a nightsoil was not a health risk. It was caused to the right hand side of the road and also complained of having to close their windows owing to the unbearable stench from the adjoining field.

Mr. Lunn said he hoped the Inspector would do his duty and see that nightsoil would not be deposited within 100 yards of any house or public building. Hospital had not objected. People would do ought for money.

Mr. G. Armitage said it appeared there was not another field in the whole of their district where nightsoil could be deposited. It was not a health risk. It was not a health risk. It was not a health risk.

Mr. J. Armitage: What about the house at the end of the road? The Medical Officer said the house was not a health risk. It was not a health risk. It was not a health risk.

After a lengthy argument, the minutes were adopted. HEALTH REPORT. The Medical Officer reported that from November 1st to December 1st there had been 30 cases of mumps and 21 deaths of which 5 had occurred in the Workhouse, 1 North Ward, 4 South, 5 Stourton, 1 Louthborough and 10 Oulton. 19 cases of scarlet fever, 1 diphtheria, 2 erysipelas and 1 typhoid. 14 cases had been removed to hospital and 5 Oulton (19 cases of typhoid) whilst there were at the present time 16 patients in the hospital. There had been no deaths in the hospital during that period.

falling compliance he was summoned for contravening the bye-law. The Clerk submitted the motion building bye-laws recently adopted by the Urban District Council of Woodford and asked the Committee to adopt them on the basis of their bye-laws subject to any variations the Council might make. He was instructed to order 6 copies.

The minutes were adopted on the motion of Messrs. Gordon and Vollans. WATERWORKS. At a meeting of the Waterworks Committee held December 7th, there were present, Messrs. James Armitage (chairman), Ellis and Blakey.

The average daily consumption for the four weeks ending Nov. 19th, was Rothwell 194,000 gallons against 202,000 last month; Thorpe 91,000 against 91,000; Stourton 41,000 against 41,000; Midland Railway 108,000 against 113,000. Total buying meters 9,153,000; domestic 4,146,000.

A letter was received from the Leeds City Engineer's Office giving notice of a temporary stoppage owing to alteration to the service at Dandy Row. The Committee considered the figures received from the water works.

Mr. J. Armitage proposed the approval of the minutes. Mr. Ellis seconded. Mr. Abrahams drew the Committee's attention to the scarcity of water at Langley. Wood Lane was not used last week last Sunday. It appeared that the Oulton Works were drawing as large a quantity of water as the householders had to do without. He recommended that larger pipes be inserted so as to meet the demand at the higher levels.

Mr. Abrahams said they had not received any complaint, but they would send the Inspector round to ascertain if there was anything in what Mr. Abrahams had said. He knew the reason why Mr. Abrahams was always coming and Mr. Ellis was always having something to say in regard to Commercial Street.

The minutes were passed. LAMPS AND GAS. At a meeting of the Lamps and Gas Committee held Dec. 7th, there were in attendance Messrs. Blakey (chairman), J. Armitage and Wade.

The meter readers were considered. The consumption for the month was Rothwell 298,412 cubic feet, Leeds 298,412 cubic feet.

Letters were read from the Tramway Company notifying that in future poles used for lamp brackets must be bonded and from the Leeds City Engineer's Office, agreeing to Stanley coming into the district if they undertook only to supply Lingwell Farm.

The minutes were confirmed on the motion of Messrs. Blakey and J. Armitage. NORTH WARD ALLOTMENTS. At a meeting of the North Ward Allotments Committee held Nov. 13th, there were present Messrs. Gordon, Abrahams, and Blakey.

Resolved, that Messrs. Bromet & Sons be offered £56 6s. 6d. per acre for the allotment. The Committee considered the proposals for their costs and expenses in connection with the proposed granting of lease for allotments in Wood Lane and the Council offered also to grant the allotment.

On the motion of Messrs. Gordon and Blakey the minutes were approved. CORRESPONDENCE. In reference to the Wakefield and District Light Railway Company's offer for power to abandon certain powers of their undertaking, and principally that of the extension to Oulton, the Clerk read a letter from the Board of Trade stating that they had come to the conclusion that it would be inexpedient to grant the Company's application, except with regard to Horbury. They would extend the time for the matter to be worked on terms acceptable to both parties.

Mr. Hirst: Why should not they have a trackless trolley down the lane. The Chairman said that was not the power. Mr. G. Armitage suggested that a public subscription list be opened by the persons who wanted this line.

On the motion of Messrs. Lunn and J. Dobson the matter was referred to the Highways Committee.
